Walla Walla High School

Alma Mater

Neath the range of mighty moun-
tains, reared against the sky,,
Proudly stands our Alma Mater, as
the years go by,
Forward ever by our watchword,
conquer and prevail
Hail to thee our Alma Mater, Walla
Walla, Hail.

The community of Walla Walla has provided
excellent educational, athletic, and social ac-
tivities through a comprehensive high school
setting for the past one hundred and six
years. The community certainly understood
and carried out the picturesque setting de-
scribed in the Alma Mater when it chose the
current location for Walla Walla High School.
The current forty-five plus acre campus which
houses 1876 students is one of, if not the
most, beautiful high school campuses in the
state.

Administrators

The Students of Walla Walla High School are fortunate to have such dedicated, hard working, experienced individuals providing opportunities for their success. Sporting events, concerts, meetings, and special events make up a great deal of administrators evenings. We wish to thank them for their tireless hours of supervision and maintenance of a safe, productive learning environment.

Because of the administrative support, 1998 has been a memorable year for everyone associated with Walla Walla High School.

Associated Student Body

The officers of 1998, Michelle Martonick (President), Rebecca Smith (Vice President), Courtney Fuller (Secretary), and Stephen Bischoff (Treasurer), have put in endless hours, making your school a better place to be. It is a privilege to be on ASB, getting to do announcements and be in the spotlight, but there is also a lot of hard work. The addition of more activities as well as attempting to perfect old ones has given the officers a great deal to do. The ASB has definitely put forth an extraordinary effort this year.

L: Officers dress up for homecoming week.
R: Stephen does the morning announcements.

Buff Puff III

Seniors VS. Juniors

2

1

In the 1997 buff puff action, the Playmates of '98 dominated the nets against the Mines of '99. In this fun filled, action packed match, the seniors went on to win the first two games and shatter any hopes the juniors had of reigning victorious. Throughout the match both the Playmates of '98 and the Mines of '99 played very well. After putting the first two games in the books the seniors decided to hold back a little and give the juniors at least one positive memory!

Playmates of '98

The Mines of '99

Powder Puff XI

Terminators of '98ers

Seniors VS. Juniors

7

12

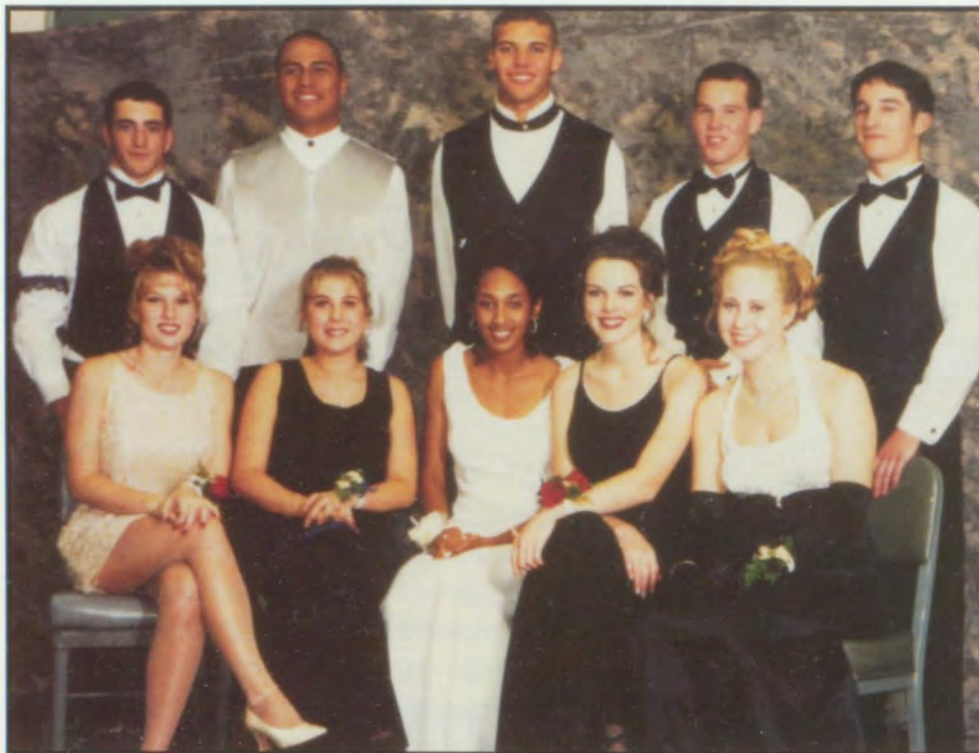

Under no circumstances other than Powder Puff XI would you find burly men dressing in short skirts, ready to do cheers and liberties. Nor would you find normally kind and polite ladies leaving their feminine side behind, ready to push and shove their way into the endzone. In this year's close, hard fought game, the Fine line of '99 came out ahead to defeat the Terminators of '98ers. Countless tactical changes proved to be the juniors success. However, it was just the opposit that proved to be the Seniors undoing. There was a great deal of effort in preperation and both teams deserve credit for representing their class well. Handling the disappointing loss with pride, the seniors became the third team in history to be beaten by the juniors.

Fine Line of '99

Homecoming Court

Bloom escorts Rebecca Smith at the Home-Coming assembly. Middle Right: Nicole Scott at the homecoming Football game.

Student & Staff

Class Of 1998 Class Of 1998 Class Of 1998

Hoping to better the school and their class in any way possible, Nathan, Sam, Michael, and BJ set forth on their duties as Senior Class Officers. They spent their summer preparing for their respective roles at Leadership Camp located near Seattle, WA and kicked off the year by joining the other class officers in a Wa-Hi rendition

of Stayin' Alive during the years first pep assembly. In anticipation of the rest of the year, these devoted officers met often to plan events for the class of '98 such as graduation and Homecoming activities.

L to R Sam Benifield, Secretary; Michael Simon, V.P.; Nathan Weller, President; & B.J. Bloom take a leap into Office!

Much of their time went into putting together the senior service project, as well as organizing the design of the class T-shirt and the class motto. "Senior Class Officers have a tough job because they are in charge of the

impression that the class leaves behind." Stated President, Nathan Weller. Hopefully it will be a good one. The only complaint voiced by the officers is the lack of power to equip the bathroom stalls with doors. Needless to say this fearsome foursome seems to be hinged to the needs of the Senior class.

College Career Day: A Big Success!

Students listen to speakers at Career Day

"He (Tom Flick) had a good message to send out that a lot of kids needed to hear."

-Bridget Baker

that we need to prepare for our futures, in every aspect of our lives.

This day of helpful activities was put together by The Career Center, Mr. Swanson, Mrs. Shroeder, The Vocational department, Mr. Cummins, and Mr. Turusio. Their efforts were greatly appreciated and valued.

As they step up to the platform on that final day to receive their diplomas, an array of thoughts will fill the minds of Wa-Hi seniors. Some may contemplate what they will receive for graduation, others might only be dreaming about the summer, but everybody, whether it is at the moment of graduation or ten years prior, will eventually have to make the decision about what to do with their futures. What will we do? Will I go to college? If so, where? Will I take up a trade, or will I join our country's military? These are just some of the questions asked by all seniors on that final day.

On September 30th Juniors and Seniors were given over 35 options of representatives they could talk to concerning their futures. Within that number were representatives from community colleges, four-year colleges (both in and out of state), technical schools, as well as every branch of the Armed Services. Visiting the reps proved to be a very beneficial time for the students, as one Senior stated "It exposed me to a lot of schools I hadn't been exposed to, and they (the reps) really answered a lot of my questions." Other Seniors, however really wished they had been given this opportunity as a Junior. One commented that she already knew what she wanted to do, so it wasn't very beneficial to her. For those undecided Seniors, as well as the Juniors, this will hopefully become an annual event here at Wa-Hi. Providing more upcoming students with added guidance.

In addition to contemplating a profession, students must plan for all the other aspects of life as a human. No longer will one be able to rely on mom and dad to tell them how to live; the choices are completely ones own. During College-Career Day motivational speaker, Tom Flick, spoke with the Seniors and Juniors to reveal how the choices made now affect ones future. Slacking off will close doors to opportunities later on in life. One may not realize their mistakes until it's too late. Now that students are preparing to head off to college and work they need to think. It is now

Senioritis: Inflammation of the Senior Noggin

As described in any medical journal, Senioritis is a devastating affliction that is common, though not restricted to, high school seniors. Laziness, apathy, infrequent bathing, excessive drooling, the inability to start homework and similar symptoms indicate this destructive disorder has seized hold of an individual. Unfortunately, all attempts to counter advancement of the symptoms have proven entirely unsuccessful. It is probable that Senioritis is a hereditary condition currently untouchable by medicine or treatment. A classic case is as described of the following's lifestyle:

Patient "A" began school as a normal child, yet throughout his childhood he ran with scissors, drew outside the lines and ate too much candy. He managed fine until about 3rd grade when he was given homework. Although forced to complete said work until high school, "A" seemed to have little motivation, and more pressing, NO SCHOOL SPIRIT. He was "a boy with talent" said his teachers, "if only he would play like the other kids!" In high school he managed in a sufficient but unenthusiastic manner. Then, when he reached 12th grade he failed to appear in class. When in attendance his only remarks were drastically silly and he was simultaneously afflicted with partial paralysis of the arms, as was shown in his inability to carry his required books home. Before long he withdrew altogether until he could be admitted to an undisclosed university where it is rumored "A" has been known to go in search of Coke machines with only \$.45 to his name.

As can clearly be seen from patient "A"'s example, senioritis can be detected from an early stage and hopefully prevented through generously administrated hugs and homework. And With out thoroughly installing school spirit, there remains little hope to halt the symptoms.

TWICE A SENIOR!

Many of you would recognize this picture as an ex-student of Wa-hi, well your close, but no cigar. The blond hair boy pictured to the left is Ford Grable and he still is a student of Wa-Hi, only he's gone to Japan! Although he has already lived out most of his Senior year, last year, Ford will return at the end of this year to walk with the class of '98 at graduation. Fords trip to Sasayama Japan began last March when Wa-Hi had it's annual ten day trip to the sister city of Walla Walla. While in Sasayama Ford is staying with the family of Masayuki Hirano, who is an exchange student at Wa-Hi this year. Ford truly loves his trip. "If they ask you if I have become fluent, tell them I am to busy living," he said in a letter to a friend. Although he enjoys his time in Japan, life there is very different then anyone here could ever imagine, it is very structured, especially for young people. He describes the school's ASB as a puppet show.

Ford hopes to travel more as he gets older but for know he says he kinda misses being in touch with all his friends. So when you see this smiling face back on campus this spring, be sure to tell him hi and ask him how Sasayama was.

Looking Ahead to our futures...

As each new generation enters the world they face the same old dilemmas that their parents faced as well as new ones. One of the ever changing dilemmas is the rise and fall of demand in certain job fields. With graduation on our heels, the decision of what profession to go into is one that concerns many in our class. Luckily for those planning to stay in the Washington area, the future looks bright. According to the Labor Market and Economic Analysis Branch of Washington State employment Security Group, between

Marky Munger

1998 and 2010 Washington state is expected to have over 100,000 jobs available annually.

For those planning on sticking with a high school diploma and a couple years of job training, you can plan on jobs in the fields of sales representatives, waiters, office clerks, child care and police patrol officers. However, taking post secondary education and apprenticing for a few years each can give you job opportunities as a carpenter, electrician, cook, or computer programmer. With a Baccalaureate degree you can fill the position of a teacher, Lawyer, registered nurse, accountant, or computer engineer.

Due in part to the rise in technology, jobs solely based on manual labor are on a major decline. Not only is technology taking over jobs because of efficiency, but they are cheaper as well. Operators and such, like switchboard operators and machine operators, are becoming virtually obsolete.

AS WE LEAVE...

WHAT WILL BE OUR MOST MEMORABLE EXPERIENCES OF WA-HI???

Remember When:

I always wore my green hat

We were Freshman

Sean Smith wore his pants to school backwards and didn't realize it until after school

Everyone thought that the seniors really did throw freshman in the creek?

That one guy did that one thing that one day and it was really funny?

The Seniors let the Juniors win Powder Puff?

Coach Peck slammed his head into a watermelon?

The Spirit Fork got stolen from the Juniors?

The Freshman fell off the roof trying to get his hacky sack?

We went to Malibu

Wa-Hi played football in the Kingdome

We were on MTV News for the censorship of Hotel California.

Brian Hendricks recited his lovely poetry in support of Bob Dole during ASB elections.

It flooded and we got to go home

Col. Banks did the "Beached Whale" across the gym floor

Laura Wolf hit the TSE car

What Would You Do ? ?

Top Ten Things a Senior will do to Graduate

- X. Spend your senior year kissing up to Mrs. Thorne to pass civics.
- IX. Do somebody elses detention
- VIII. Sell your masterpiece you made in Pottery to pay for the library book you managed to destroy your freshman year.
- VII. Skip going out to lunch on May15 in order to make sure you intercept the D-day list
- VI. Hire someone to hack into the schools computer and change your grade!
- V. Give up your God given right to take pottery
- IV. Anything, and I mean anything!
- III. Hold a freshman hostage in your basement and force them to do all your homework.
- II. Write a top ten list for the yearbook
- I. Steal a diploma and attempt to walk your junior year.

"Above all, love one another deeply..."

(1 Peter 4:8)

-Jessica Walters

"Keep on truckin'"

-Amy Phillips

"Life is what happens when you're busy making other plans."

-Kay Beard

"Got milk?"

-Sean Smith

"Old enough to know better, but still too young to care."

-Gina Davis

"I wouldn't say that I'd do it again, and I'm not about to brag. But I did what I did when I didn't, and I won't if I should so I ain't."

-Jay Babbitt

"A ship is safe at harbor, but that's not what ships are for"

-Rebecca Corvino

"Amor vincit omnia Love conquers all"

-Courtney Fuller

"Happy Birthday!"

-Alanda Braaten

"When times are tough don't be a fool and drop out. Keep striving and you'll be successful"

-Tracy Weeks

"The only hard day was yesterday"

-Richele Walters

"Being a teenager can be a time of irrepressible joy and seemingly inconsolable sadness, gregariousness and loneliness, altruism and self-centeredness, confidence and self-doubt"

-Allison Elmer

"My road it might be rocky; The stones might cut my face; But as some folks ain't got no road at all; They gotta stand in the same old place; Hey, hey, so I guess I'm doin' fine" (Bob Dylan)

-B. J. Bloom

"You're only in trouble if you get caught."

-Lucy Deal

"Wa-Hi was one of the greatest memories I have ever had."

-Randy Kroum

"Those who would give up freedom for security deserve neither freedom nor security, and also, their kneecaps should be broken to learn 'em even better."

-Lucas Walter

"Coffee is your friend, smile and endure, enjoy life even if that means no sleep. Smile."

-Alissa Peck

"Don't pick your nose while you're driving down the street. People tend to stare at you."

-Kelly Rasley

"The Lord helps those who help themselves."

-Jeremy Morris

"Never criticize a man before you've walked a mile in his shoes. That way, when you do criticize him, you'll be a mile away and have his shoes."

-Allison Hines

"All you need to be successful in life is a fish scraper, a beaver greaser, 60 lbs of raisins and a butter churner."

-Shane Wray

"Don't be scared to succeed. If you're scared to succeed, you will always fail."

-Stephen Bischoff

"Life is mostly froth and bubble. Two things stand like stone: kindness in another's trouble and courage in your own."

(Princess Di)

-Anne O'Neil Henry

"The bigger you are, the bigger the hole will be when you fall."

-Brandy Wheeler

"Fletch lives!"

-Julie Fletcher

"Death is the only great adventure."

-Jeff Cytanovich

"Groovy."

-Michelle Martonick

"Join the dark side..."

-Dave Goodwin

"Every dog has his day-- (Cervantes)"

-Abby Keatts

"Most people are about as happy as they make their minds up to be."

-Shannon Lerach

"We came... we saw... we kicked butt- Class of 98!"

-Greg Heimganer

"Forget your class and do your detention."

-Ryan walker

"It is better to error by commission rather than omission."

-TracyLynn Robinson

"If I tell you to eat you will eat! You wanted cake! You stole cake! And now you've got cake! What's more, you're going to eat it!"

Class Of 1999 Class Of 1999 Class Of 1999

The ambitious group of four that you know as the Junior Class Officers are in reality the average everyday teenagers Erin Graybill (Vice President), Chuck Billingsly (President), Tina Jamerson (Treasurer), and Mindy Erickson (secretary). Well maybe they're a little bit above average, I mean they do spend numerous hours of their own time planning and putting together activities for their beloved Junior class. During this time, these officers also discuss multiple goals they would like to reach by the years end.

Reaching out to the community, being more organized with the activities they are in charge of as well as enjoying themselves while they work are just a few of these goals. It is agreed by all that being an upper classmen officer has it's advantages and disadvantages. There is more to get done, but that also means more room for impute. Of course the officers constantly keep their class in mind when putting in their thoughts as Erin Graybill stated "I would like to get more of the students concerns through to the advisors." Hopefully these goals will be reached as the Junior Class Officers and their fellow classmates finish up their last year before they have to start thinking about leaving Wa-Hi.

Experiencing the Changing Roles of Becoming an Upperclassmen.

Over the past two years the current Junior class has been classified as youngins' at Wa-Hi but now they can officially be called "upper classmen." But how does the Class of 1999 feel about this role change?

Many juniors agree that privileges as well as expectations have been altered this year as they experienced the life of upperclassmen. Some expressed feelings that the younger students seem to look up to them now. Kira

Reoch explained "We have become role models overnight!" Yet still others seemed to be more concerned with facing the reality of college. Along with this came the concern for transcripts and SAT's. These students began to realize that the choices they make now are vital to their future.

The changes that take place during the latter years of high school are sudden and sometimes unexpected. The Junior Class advises lower classmen to get ready for the exciting yet challenging responsibilities that lie ahead.

Students can talk to counselors for guidance

Assemblies: A New Approach

This years assemblies proved to be great as the ASB officers and Cheerleaders worked together to meet some of their goals for reaching the entire school. The assemblies this year seem to have a larger variety of activities and acknowledgments as well as a heightened sence of positive spirit among students.

To encourage good sportsmanship this year the Spirit Fork was introduced. In order for classes to receive the Fork, they needed to win the majority of the points awarded in class competitions. Negative conduct results in a deduction of points.

So, why focus on sportsmanship at assemblies? Encouraging positive habits in students while at school can really promote good sportsmanship when they are at events outside of school. At assemblies

students learn cheers and activities to support their school rather than degrade other schools.

In addition, recognizing club officers, teachers, exchange students, and others in front of the entire school really gives all students the opportunity to be seen for their achievements instead of just sports.

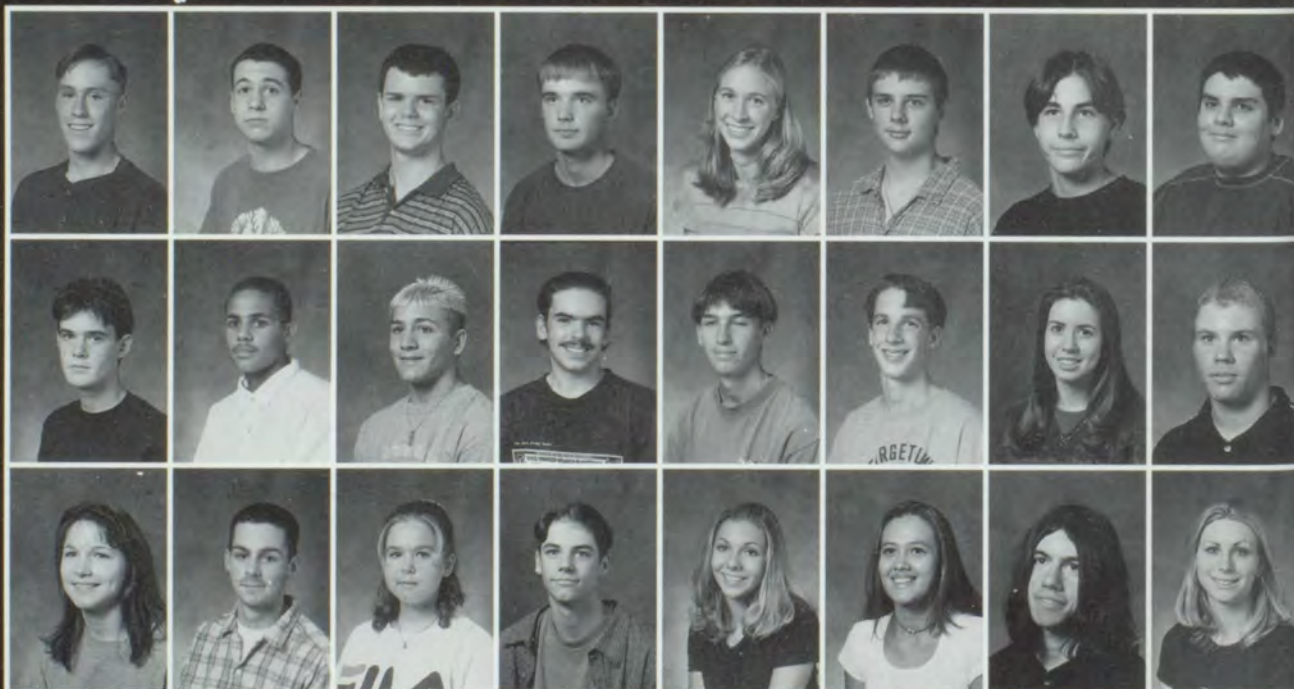

Hopefully this tradition of positive behavior and acknowledgement will continue in years to come.

Habits

What's in your future?

Wa-Hi's Juniors were polled earlier this year to see how many had an idea of what they plan to do after graduating from high school.

12% of the students surveyed are planning on going to some type of college, which has not been decided yet. 18% know that they want to go to a private college. 33% of the students are planning to attend a state college. 22% have decided to go to a community college. The 15% who are not planning to attend a college are going to work directly after graduation.

It is really neat to see that Juniors are thinking of their futures before they start their next year. Hopefully this early planning will help them to decide on what classes they are going to take their Senior year.

Thinking of college? Now is the time to prepare. . .

It can be said that your Junior year of high school is the most important year of schooling prior to college. Part of this reasoning comes from needing to take The Scholastic Aptitude Test (SAT). With college becoming more of a necessity than a luxury these days the numbers of students signing up to take their SAT's is on the constant rise.

The majority of students are unaware that the SAT is not designed to measure one's intelligence. However, because so many think this is the case, they bring up points that prove how it couldn't. One such point is that the test format adds stress to the difficulty of the problems. Students will study everything in anticipation of the SAT's tough reputation. The stress induced by the need for high scores can make studying null and void.

Another option is to take the Pre-SAT (PSAT). The PSAT is a pre-test designed just like the SAT and probably helps the best in preparing for the SAT. The PSAT has the same format of problems as the SAT, but is less stressfull because it is not what the colleges actually see. The PSAT is also beneficial because those who do score well on it have the oppertunity to recive scholarships and awrads.

There are also many courses to enroll in that illustrate the types of questions that are on the SAT. The course curriculum can help reduce the anxiety caused from studying too much. For a person who does not have enough time to take the class, there are a few booklets that show the same types of problems on the SAT.

If planning to attend college, your Junior year can be one of the prime times for preparation. Prepare for your future now by taking the SAT, before your most important year of high school is over.

BRIGHT IDEA!

Class Of 2000 Class Of 2000 Class Of 2000

The main goal this year for the Sophomore class officers was to get the Sophomores more involved and excited in activities and sophomore class functions. The officers plan to stimulate class participation in school activities by being better organized and following through with their projects. "Last year I saw that our (Freshman) officers were not as successful as they hoped, and I wanted that to change," said Megan Koertje.

Bree Smith said, "I wanted to become an officer because I wanted the Sophomore class to become more involved." The other Sophomore class officers held the same opinions concerning their class interest in school activities. Anne Lohrmann had more in mind than just interest, "I wanted to become an officer to get the Sophomores excited and involved and to let Wa-Hi know that the class of 2000 is here and we aren't just an article in the Union Bulletin." In thought of Anne's comments, Jacob Kaufman-Osborn concluded, "Today, the Sophomore class of Wa-Hi . . . tomorrow, the world."

L to R: Anne Lohrmann, VP; Megan Koertje, Secretary; Bree Smith, Treasurer; Jacob Kaufman-Osborn, President.

Stereotyping, a High School Tradition?

All of us have been guilty of prejudging a situation without all the facts at some time in our lives. No matter where you are or what you are doing there is always going to be some kind of stereotyping, it's everywhere! Typically we do not realize the pain stereotyping can cause until we are the victim. Unfortunately, this human habit is becoming more common in our everyday lives. We have learned these stereotypes from the media, school, books, parents/family, religious organizations, or peers; the list can go on and on. Stereotyping can be like listening to a song. We listen to the lyrics of the song and maybe even sing along, not realizing what we are singing. Many times we are unaware of our own actions unless we sit down and think about it. The main question is, why do we stereotype? Is it because of our own insecurities? During high school is one of our most vulnerable times and it is quite easy to slip into a habit like this. We asked a few sophomores what they think and here is what they had to say:

"I don't like it because someone should be able to dress and act a certain way without being judged."

-Cleo Williams

"We do it because we feel left out."

-Jordan Neher

"Everybody at Wa-Hi is labeled. I think this is not only a result of being in high school but also living in Walla Walla. Walla Walla is a very stereotyping place."

-Amelia Nourbohm

"I think that no matter where you go in life that you will be stereotyped. It's not something that you do on purpose. Sometimes you don't even realize that you're doing it."

-Olga Morales

Climbing the Ladder of High School Life

As the class of 2000 completes their second year of high school, they reflect on their leap from living the freshman life to exciting as a sophomore. Now, instead of standing at the bottom looking up, they're getting their licenses and getting a job; they're climbing the ladder of high school life.

As freshman, they wandered aimlessly through a new school with new teachers, new classmates, and new rules. "My freshman year was OK. I was lost the first month, but I caught on" - Leah Hanson. "A memorable moment of my freshman year was when I was late from lunch on the first day of school and I walked into the wrong classroom." -Kellie Saffer. As the year continued, they started to make new friends, new beginnings and discover who they really were. The 180 days of freshman activities were long and tedious; they seemed to go by as slowly as waiting in the D.M.V. for your number to be called. Then finally the wait was over.

Now as sophomores, with one year of high school under their belt and starting a new year, they weren't the youngest, they weren't the smallest, and they no longer wore the label "frosh." They are one year older with one less year to go before graduation. The single best moment in their sophomore year is getting their license. No more asking for rides from mom and dad and no more eating cafeteria food. "I look forward to better classes, a driver's license, and a car." -John Dewitt "I look forward to being able to drive and graduation." -Jennifer Botts. Even though getting a license is great, sophomores are also faced with problems that weren't there in their freshman year such as peer pressure and beginning to look at their futures. All anyone can do is hope they make the right decisions as they take a step higher on the ladder of high school.

The following student(s), for some reason or another, were unable to get their student picture into the annual:

Class Of 2001 Class Of 2001 Class Of 2001

The Freshman Class Officers are five dynamic students who, by working together as a team, obtain the respect that the class of 2001 deserves. Co-Presidents Laurel Holland and Adrian Guardado both agree that they want their classmates to have more school spirit and participate in the class activities. Lucky for them this task won't be too difficult, seeing how well the freshman class started off their first year of high school: Emily Walker, Vice President, wanted to meet new people while in office, and use her leadership abilities by becoming more involved in her school. Representing your class is a tough job, especially as a freshman when you are still learning the ropes. As leaders of their class, Secretary Emilie Lally and Treasurer Candace Fielding hope to encourage the class of 2001 to set a positive image in the community. All of the officers want the community to see their class as one that gives back to the community.

"We aren't just doing this to put it on our college applications," said Laurel, "we want to promote our class and let everyone know what we're all about." Pictured above are, from left to right: Laurel, Emily, Candace, Adrian and Emilie.

Freshman reflect on some of their first impressions of Wa-Hi...

Were you intimidated by any of the upper classmen? Why or why not?

Not really, but I don't want to say or do anything stupid around some one older.

-Alison Billingsley

Not really, I respect them and they respect me.

-Kenneth James

No, because if you respect them and don't act like a jerk you probably won't get hurt or anything.

-Mark Biddiscombe

Fearing no upper cassmen, Alison, Kenneth & Mark stand tall!

What would you do if you got creeked?

I'd get wet.

-Jarad Gifford

I have no clue!

-Jonathon Orchard

What would you change about Wa-Hi if you could?

That you wouldn't have to walk so far to classes

-Crystal Wood

Have a Head Bangers Ball

John Burgess had a slightly different outlook on his year...

What would you do if you got creeked?
It would be an excuse to run around naked.

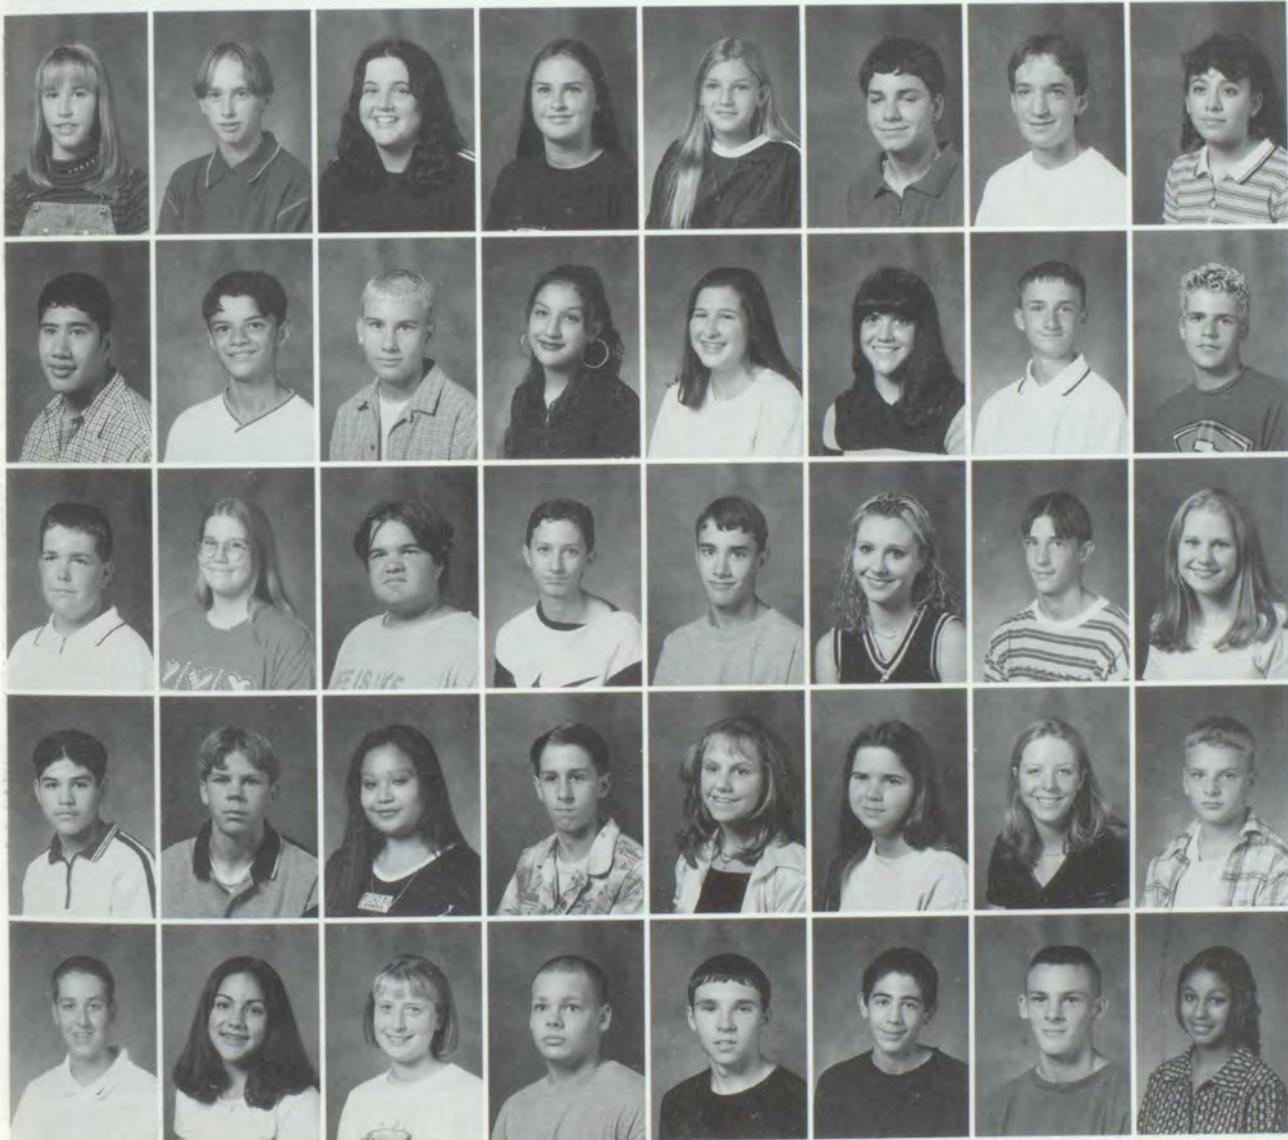

How much would you pay to cross the bridge?
MY SOUL!!

Do you like it here?
Why or why not?
Yes, I have a spoon.

Are you intimidated by any of the upper classmen?
No, they smell like peaches.

Right: Freshman crack the books after realizing high school requires alot more work than middle school.
Bottom Right: Even with the extra load, computers help work get done much quicker.
Bottom Left: John holds his spoon for everyone to see, along with the wonderful peaches that all the upperclassmen smell like.

Freshman Officer Candidates

Coming into a new school is a challenge for most students, but for others it's a chance to try something new. Among the new things to do in high school is running for a class office. Around the end of September, twelve Freshman took on this challenge. The Presidential candidates were John Burgess, James Buttice, Joe Colunga, Adrian Guardado, Laurel Holland, and Marcos Ortiz. Those running for Vice President were Rita Silva and Emily Walker. Cathie Hebel, Kim Kelleher, and Emilie Lally ran for Secretary and Candace Fielding took the Treasurer position as the only one who ran.

Candidates hung posters with their slogans and pictures in Mrs. Shroeder's window for a week so that other students could come by and see who their voting options were. Because freshman only know a small percentage of their class at this time of the year, those running had to get out and meet people that they may not have known otherwise. The elections are really a chance to get the Freshman class more aquatinted with each other.

In the end there was a tie between Presidents: Adrian Guadarand & Laural Holland; Vice President: Emily Walker Treasurer: Candice Fielding, Secretary: Emily Lally

Above: Candidates gather together before the elections. Far Above: Posters hang in Mrs. Shroeders Window

The following student(s), for some reason or another, were unable to get their student picture into the annual:

Abelardo Garcia, Martin Gongora, Kristin Couture, Susanna Aguero

Exchange Students

Mathias Weibrich

Mathias Weibrich, from Rottweil, Germany, came to the United States because he wanted to experience an new culture. He enjoys the relaxed atmosphere of Wa-Hi and the large music program.

Anna Alexandrova

Anna left her hometown of Odessa, Ukraine to follow her dream of becoming an exchange student in a far-away country. Her favorite part about Wa-Hi is the lack of uniforms. She also enjoys being able to choose her classes. Even though she loves America she still said that she misses her old school and friends.

Winyu Suanpratheap

Winyu wanted to see a differnt country when he choose to com to America. He left behind his home town of Sukhothai, Thailand to come to Wa-Hi. Winyu enjoys the varitey and choice of classes in the United States. He misses somethings from home but is enjoying his stay.

Masayuki Hirano

Masayuki came from our sister city, Sasayama, Japan, to study English and experience the American way of life. He said his favorite part about Wa-Hi are the bathrooms, but he wants to know why we have two toilets in the same stall.

Sergiy Barsukov

Sergiy traveled to the United States to learn English and American culture. In his hometown of Kalush, Ukraine, school is very different. Their classmates stay the same for each class and their schedule changes each day. He loves the United States but misses Ukrainian Borshch (a type of soup.)

Francesca Valcavi

Francesca came from Reggio Emilia, Italy. In Italy everyone loves American music, movies, and products "Made in the USA." Francesca enjoys the informality of the teachers here and the school spirit, which doesn't exist in Italy. The only thing she misses is her Italian music.

MR. BOWMAN SAYS GOODBYE

After 40 years in education, Bannie Bowman will perform his last science experiment with a Wa-Hi student this year. In all, Mr. Bowman has a pretty impressive resume:

- 40 years total education experience
- 30 years at Wa-Hi
- 5 years coaching football
- 2 years coaching soccer
- 10 years as the Head Track Coach
- 16 Years as the Head Softball Coach

Bannie
Bowman

"The hardest part of facing next September will be not being associated with the members of the finest student body and faculty in the nation." Bud Bowman

Walla Walla High School bids farwell to an icon in education and a wonderful person who made a difference in many lives.

DEPARTMENT HIGHLIGHTS:

- Participate in Engineering Week w/ Corps of Engineers
- Egg Drop and Bridge Building
- A long list of successful graduates.

BUSINESS EDUCATION DEPARTMENT

CLASSES OFFERED:

Keyboarding Principles of Business
Information Processing Accounting
Micro Computer Applications
Cooperative Office Education

The Business Education Department offers a wide variety of classes that focus on the skills necessary for students to be successful in either a trade oriented occupation or a career in higher learning. One of the impressive notes concerning

the department is their sense of diversity. This is illustrated in the class offerings, including the Diversified Occupations class run by Mr. Ebding. The department also facilitates a very successful Mock Trial club (see Mock Trial in the CLUBS Section).

Transitional English I, II

DEPARTMENT HIGHLIGHTS:

- Mindy Johnson- Fulbright Exchange Teacher
- Every Student who took the AP English Literature and Composition test received a 3 or higher out of 5, meaning they all received college credit.
- Lilas Harley - Grand Prize winner in a nationwide writing contest for Harpers Bazaar magazine-prize \$2500 and an all expense paid trip to New York City.
- The WA-HI Journal - multi-award winning high school newspaper.

DEPT. HEAD
Marcia Tomlin

MRS. OAKLEY BIDS FAREWEL

At the end of the 1997-1998 school year, Mrs. Oakley will put her final punctuation at the end of a long teaching career.

Joyce Oakley

Some of her Highlights include:

- Working with several generations of wonderful students and making life-long friendships with them.
- Helping to implement the Grammar and Composition course in 1975.
- Helping the WA-HI English Department develop and expedite our school district's annual sophomore writing assessment.

"Having spent 45 enjoyable years in education as a student and a teacher, I find myself allured by new experiences awaiting me. So, I bid everyone a fond adieu. Thanks for the memories and the friendships, Wa-Hi!" Joyce Oakley

THANK YOU JOYCE. YOU WILL BE GREATLY MISSED.

Clubs and Activities

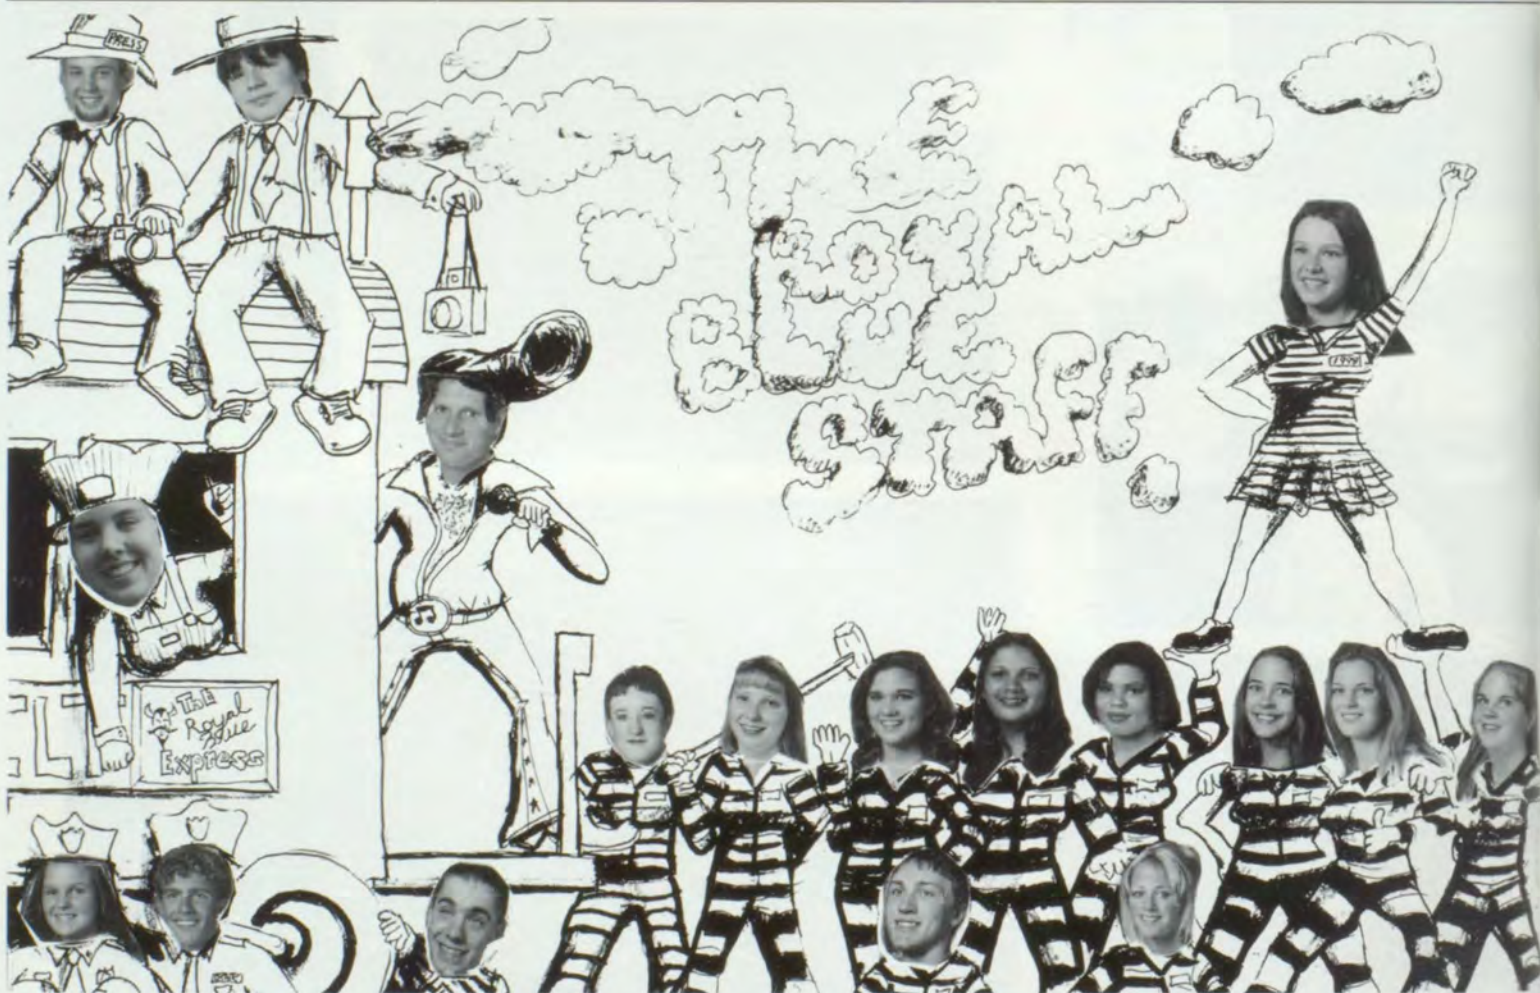

CLUB PRESIDENTS

This club, new to the 97-98 school year, was designed to bring all the clubs together once a month to work on larger ASB projects such as Awareness week, Homecoming week, and other events as well as to help support each others clubs and activities. All club presidents are welcome to attend meetings usually held the first Wednesday of every month in Mrs. Shroeders office. This is a great way to bring together all the different groups at the high school and gain support from one another.

ROYAL BLUE ANNUAL STAFF

BIKE CLUB

After a slow couple of years, the Bike Club is off to one of its best years so far. Riding such places as the South Fork, the Reservoir, and around the town of Walla Walla, the Bike Club hopes to be able to get a few more people involved. Also, the members who have paid their dues receive a discount card at the Bicycle Barn located downtown to boost recruiting efforts.

When they are not riding around the town, the Bike Club sometimes messes around here at Wa-Hi

on the steps doing jumps, or they will go in search of puddles to ride through. Although they spend most of the time washing their clothes, they also get together in Mr. Locati's classroom to discuss further rides and any other ideas for quirky announcements. The Bike Club prides themselves on their announcements, and on riding places instead of driving.

Pres.: Nathan Weller
V.P.: Tets Takemoto
Sec.: Jesse Burgess
Treas.: Michael Simon

Mike Locati

DECA

Ever wonder who runs the Devil's Den? It is the mighty marketing club called DECA (Diversified Education Clubs of America). DECA members travel to various places such as Seattle and also Denver, Colorado for marketing competitions. Members of this club participate by working at a local job in the marketing industry, working in the Devil's Den, and doing some assigned class work related to marketing.

The first semester of

the class teaches how to become employable and how to keep your job. Students really enjoy being employed while getting a credit for their job plus getting paid. The second semester concentrates on becoming more marketing and improving marketing skills. The Devil's Den is only the beginning of these hard working students.

Store Managers:

Ramirio Lopez
Roger Esparza

Roger sells a soda to a customer at the Devil's Den

Dave McClelland

ECOLOGY

Have you ever wanted to throw caution to the wind and play in, on, or around the dumpsters? The Ecology Club does just that every week when they risk bodily harm to save the environment.

Throughout the year members organize activities including picking up litter from a section of the highway near DeSales and planting trees in the spring. During the year, Ecology Club also sells Rainforest Preservation Deeds, which give students and staff an opportunity to donate money to be

used to preserve sections of the rainforest and prevent destruction of the trees. Money that the Ecology Club raises from recycling and other fund raisers is used for upkeep of the recycling program at Wa-Hi and purchasing trees to plant in the community.

Ecology Club does its part at Wa-Hi to keep it the beautiful and environmentally friendly campus that we love.

FFA

FFA is a club of 80 members who enforce positive leadership and a friendly atmosphere. It is a club that wants everyone to participate and belong. They take part in many activities throughout the year, such as the State and National Conventions, and a winter retreat. This club offers a wide selection of speaking and judging contests which boost self confidence and builds leadership. This respectful club is one of the clubs on campus who competes and wins multiple state championships,

competing against 19 schools. FFA also allows members to learn responsibility when raising and animal for the fair. A majority of this club's time is spent outside of the classroom, on state fairs and contests. FFA uses its farming and livestock knowledge to produce positive, confident leaders.

Pres.: Scott Ford
V.P.: Ella Peterson
Sec.: Mindy Erickson
Treas.: Jon Thorpson
Rep: Jay Loza
Sen: Christy Brewer

FENCING

Fridays from 3:00 p.m. to 4:30 p.m. you can find the 12 members of the Fencing club practicing upstairs in the old gym. Fencing is an ancient sport that many here at Wa-hi are starting to become very good at.

Students in fencing compete around the state for pride and honor. They have won many individual as well as group awards, including 2nd place at the Spokane Regional Novice Championship.

Students participating in the Fencing Club receive an intro-

duction and history to the sport. This helps them to better understand what they are doing.

Fencing isn't just combat, it's almost an art. Participating in this activity also provides members with growth in the areas of strength, agility, reaction, and confidence.

Come on out and join Fencing. It's a great club for a great sport!

Coach: Scott Eagon

Tony Howard

LEGISLATIVE ASSEMBLY

The Legislative Assembly is a large group of students that meet once a month to discuss student government. The meetings, led by ASB officers and cabinet members, are a discussion of student activities. The students are voted on by their homerooms to represent them at the meetings. The reps take in questions and concerns from their classmates to be answered. This group tries to enforce happy student life, improvement of activities, service of giving back

to the community, and student involvement. Wa-Hi is one of the few schools, in this area, who has a legislative assembly and gives the students an opportunity to make decisions for the school. There are an average of 150 students who take part. This group also gives students a chance to be a spokesperson for their homeroom and informs the fellow classmates of upcoming events and ASB activities.

Mary Lynne Shroeder

Students listen to officer give updates and reports at a LA meeting

U.S.D.A.

U.S.D.A. stands for: United Students for Diversified Ancestors. It is a group that helps WA-HI students broaden their scope of friends and acquaintances in different cultures.

Some of the goals this club hopes to accomplish are service to the community and school, and to educate WA-HI students about the benefits of cultural diversity. USDA also take lots of trips and have fun. This club has been in WA-HI for three years. "It was originally called the Latino Club but we saw a need to inte-

grate our culture and ethnic groups not separate them," said Mrs Peddicord "so they changed the name and the emphasis of the club."

There are about twenty members, but it changes throughout the year. Members meet twice a week every two weeks. so come on out and see what USDA is all about.

Board of Directors

Tai Harmon, Erica Roth, Charlene Strozinsky, Emily Paolino & Margaret Graham

Karen Peddicord

Karen Dazel

Some of the FBLA members gather for a picture while attending a conference.

FBLA

Do you know that Future Business Leaders of America (FBLA) has been around since 1968 and WA-HI had its first chapter in 1972? FBLA consists of 50 members some of which are officers. They all work together to run FBLA along with Mrs. Dazell, the advisor of this club.

By being a part of this club, some of the goals they hope to achieve: career development, learn how to become a better citizen, make efforts to learn more about yourself and develop a sense of who you are and where you are going in your personal development, and to

learn to utilize your leadership abilities. Other characteristics you might become familiar with being a member of FBLA are the satisfactions of getting a chance to compete in all levels, a better understanding of leadership and responsibility, spirit of belonging, confidence, competence, and a sense of recognition.

KEY CLUB

The Key Club is a national club that promotes community service. Key Club works along side the Kiwanas Club in many different fund raisers, which include the Iodine Deficiency Drive and the Can-Food Drive, that help those who are in need. Also, they clean up a section of the highway, carve pumpkins for the Christian Aid Center, and trick-or-treat for can food to give the local food bank.

This year there are over one-hundred of students that are

members of the Wa-Hi Key Club. These member try to meet every two weeks somewhere at school to plan for upcoming fund raisers. As a reward, those who have paid their dues go to an annual convention in the Spring. These members go and listen to a couple of speakers and get a chance to talk with other Key Club members from around the state.

FHA

The Future Homemakers of America have a lot to accomplish each year. Raising money for charity, starting a business, and promoting healthy families, teens, and adults are just a few of the accomplishments they plan to fulfill this year. The home economics teacher, Barbara Buttice, advises these 14 girls have a multitude. Other activities consist of the School Health Fair, the District Health Fair, and health displays at the mall. A lot of they're projects main objective is to concen-

trate on AIDS awareness and promoting abstinence in the community. The club members come out of this club having leadership experiences, team building skills, and great friendships.

Barbara Buttice

Students learns homemaking skills in FHA

KNOWLEDGE BOWL

Knowledge Bowl is just one of those "only smart people join kind of clubs".....right? Wrong! Yes, these people know their stuff but it is really just fun and games. Splitting into teams of two or three and having competitions against each other is how they practice. Their advisor asks them questions and teams buzz in to answer. Questions range from simple facts or trivia to more

difficult questions that make you think a little.

Once a month they are given a chance to show their stuff by competing against other schools in the big nine.

Their main goal this year is to beat Hanford.

If you enjoy learning new information, can answer trivia questions, or just like to have a fun time, come and check out Knowledge Bowl you won't be sorry!

JOURNAL

About every four weeks you, the students of Wa-Hi, receive a copy of the Wa-Hi Journal, a award winning, internationally distributed (if you count Ms. Johnson in Wales) high school newspaper. Journal Staff students spend hours preparing articles, taking pictures, and designing layouts to inform Wa-Hi students about their beloved school.

Some of the students have taken a journalism class previously offered until this year. Others learn from on the job experience how to gather information and write captivating

stories. In addition, many are advance english students with experience and training in writing.

Through the class students also learn layout design, computer literacy and public communications.

If your interested in a career in journalism stop by A-24 and take a look at becoming a member of the The Journal.

YOUNG HISTORIANS

Young Historians Association is composed of 18 unique students led by Carmela Phillips and Mr. Worthington.

The purpose of this club is to offer students the opportunity to experience governmental and political process first hand. They get the satisfaction of organization, planning, working together, getting along, similar interests, belonging and having fun.

The club took mini field trips based upon hands on students learning techniques. The club has frequent meetings throughout the week.

Carmela Phillips

Al Worthington

JAPANESE

Japanese Club is one of the multicultural clubs at Wa-Hi. It gives students a chance to participate in and learn about Japanese culture and language. Most of the members are from the Japanese class but the club is open anyone who is interested in Japan or simply the Japanese language. Mrs. Dohe, the Japanese teacher and club advisor, along with officers, organize activities throughout the year. They watch cultural films, sing songs, eat Japanese food, and

even put on a small Japanese theatre. They planned a trip to Portland this spring so that they could visit a cultural center and have a traditional Japanese meal. Mrs. Dohe had one thing to say to anyone interested in Japanese Club, "Gambaro!" Which means do your best.

CREST

If you are a senior girl with at least a 3.5 grade point average, then Crest club might be the club for you. It is an invitational club that does several fund raisers and service projects throughout the year. The Red Cross Blood Drive, pizza sales, adopt-a-family, lawn raking, and adopting a grandparent at the Regency Care Center are just a few of the projects the Crest Club participates in. Some benefits of being in this club are satisfaction in helping out with service projects and

the dynamics of a great group of senior girls.

This year's Crest Club consists of between 50 and 60 members. As her first year as the club's advisor, Mrs. Hoffman plans to get the girls individually involved in projects as well as increase group participation.

Pres.: Iyda Kelati & Suzzane Wooton
V.P.: Jami Goodwin
Sec.: Shannon Lerach
Treas.: Shannon Hegstad

Barbara Hoffman

ENCORE

Getting totally involved in the techniques of theater production and acting is what the almost 50 members of Encore thoroughly enjoy. Reading famous plays, playing theater knowledge games, and spending time with each other are also favorite pastimes of the club.

The annual Spring Festival allows the members to utilize their acting knowledge and perform one act plays for the community. In preparation for the festival and mostly just for fun,

Encore members attend theater workshops with a touring theater company to broaden their acting knowledge.

This year's club performed "Anne Frank and Me" which takes a serious look at the Holocaust.

Overall, members of club relish the opportunity to spend time with other people who share their love of theater and acting.

Paul Wickline

NATIONAL HONOR SOCIETY

NHS is a national organization established in 1921 to recognize and foster high academic achievement among high school students. Eligibility for membership also includes characteristics essential to good citizenship in a democracy. During the first semester of the Junior year students who have demonstrated scholarship, service, leader-

ship, and good character during their high school career are invited to join the Wa-Hi Chapter of NHS. The members of NHS are an outstanding group of young people who contribute much to their school.

Pres.: Bridget Baker
V.P.: Jamie Goodwin
Sec.: Jessica Waters
Treas.: Anne O'Neil Henry
Historian: Amy Phillips

Myrna Anderson

Connie Bosley

ACADEMIC DECATHLON

Academic Decathlon members are not the average Wa-Hi students. Members of this club are intelligent, hard working individuals who had to take a test of knowledge in order to participate in this club's activities. Students study and test their knowledge in many academic areas such as Mathematics, Science, Social Science, Language and Literature, Art, Music, and Speech. Members attend competitions where they compete in

an interview and an essay, focusing on a certain subject.

Over all, Academic Decathlon members like what they do and work hard to achieve personal as well as team goals. Walla Walla High Schools Academic Decathlon team has really proven to do an excellent job at representing our school.

BOYS FEDERATION

Led by advisor, Mr. Magnaghi, Boys Federation is a club of which every Wa-Hi boy is a member of, however the active members known as the cabbinet. Boys Fed sponsors multiple events through out the year such as Battle of the Bands, students vs. staff football game, and the mother-son banquet as well as works with the student council and ASB. This year's proceeds from their events go to

prostate cancer research and funds to help fight child abuse.

Scott Magnaghi

Pres.: Randy Kroum
Treas.: Stephen Bischoff

The Mother Son Banquet

RODEO

Rodeo has always been around but hasn't always been acknowledged. There are several Walla Walla High School students who are active in High School Rodeo. They compete in such events as: Barrel Racing, Calf Roping, Pole Bending, and Bull Riding, just to name a few. Wa-Hi hosts State champions that have won several buckles, saddles, (both are common prizes among rodeo competitions) and Scholarships. The Rodeo team practices consistently through out the year and

competes in rodeos all over Washington State. They have also traveled to Pueblo, Colorado for Nationals. This club may not be very well known, but they would really appreciate your support and are always looking for new members. So don't buckle under, BUCKLE UP with the High School Rodeo Club!

FILM CLUB

The Walla Walla High School Film Club, founded last year by Ford Grable, is a good way for students to get together to enjoy some good cinematography. Film Club is one of the few free clubs at Wa-Hi, for that reason, everybody is encouraged to participate. Besides getting together to watch videos, the Film Club is also responsible for the annual Film Festival at Wa-Hi. The Film Festival is an open contest where

student made films are shown. Film Club tries to preserve for Wa-Hi's students the importance of cinematography as a form of communication, and it's fun too.

Co-Presidents:
Randy Trick &
Charlene Strozinsky

Terry Wilcutts

MOCK TRIAL

Have you ever wanted to put a fellow student on the stand and watch them sweat as you asked them incriminating questions? If so, Mock Trial may be what you are looking for. This group of students assume the roles of witnesses and attorneys and then act out court procedure. They compete every year at the district level where they go head to head with other schools in the Big nine. There were two teams at Wa-Hi this year. Each team was divided into two sections, the prosecution and the

defense. When competing, the defense side opposes the prosecution side of another school and visa versa.

The Mock Trial teams are given legal advice by local attorneys Joe Golden, Miscall Mulhearn, Jill Poffenroth, and Rene Erm. They are also assisted by teachers Mary Schumacher, and Miss. Singfield. These coaches help the members with everything from courtroom procedure to acting on the stand.

Come on out and witness Mock Trial in action.

Marcia Golden

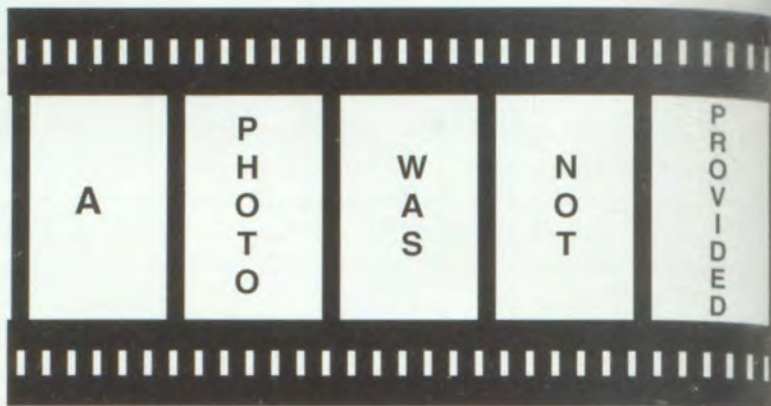

JUDO

Judo Club, an organization led by Mr. Garnica, meets twice a week in the wrestling room to test their strengths both physically and mentally. In addition to testing their abilities, they train to compete in state and regional competitions. This club, fairly new to Wa-Hi, managed to have a total of 20 members this year, that means 20 more people ready to defend our wonderful school if the situation presented itself.

The club is on a constant quest to

reach their goal of placing first in both the regional and state performances as well as to improving their techniques to perfection. The club also hopes to increase in numbers as the years progress. This is a great activity for athletes as an after school activity, it really strengthens both body and mind. So, if your in the off season of a sport or don't play a sport at all, and want a challenge Judo may just be what your looking for.

Oscar Garnica

GIRLS LEAGUE

At the beginning of each semester all girls at Wa-Hi are given a chance to sign up for Girls league. Although every girl at Wa-Hi is actually already a member, those who sign up are expected to commit their time and get involved. Girl's League does service projects and sponsors events like Sadie Hawkins and banquets as well as coordinate with the student government

groups like cabinet and commissioners. This year's active members really focused on campus beautification.

The club tries to meet at least once a month with their advisor to discuss future plans. The great thing about this club is that the only criteria is gender based; you just have to be a girl!

Kathy Keatts

Presi.: Abbey Keatts
V.P.: Jessica Walters
Sec.: Erin Mitchell
Treas.: Sarah Bluhm

FRENCH

If you like french food and speaking french, then this club is for you!! It's composed of students interested in the French Culture. if your willing to be there at 7:00 a.m. you can join! This is not a club for those who speak French, but rather those who just love the culture.

At the meetings the students would start out their typical day eating breakfast consisting of only bread and hot cocoa, which is what is eaten in France.

The biggest

fundraisers of their year are usually selling pizza, candy, and BonBons (a French candy). The money earned helps the french club go to dinner at Patit Creek, A French Restaurant located in Dayton. This resturaunt venture is always the highlight of the year.

Pres.: Jessica Walters
Co-Pres.:
Kathrin Chailion

Treas.:
Anne O'Neil- Henry

Jan Thacker

YOUTH AND GOVERNMENT

Youth and Government is a club that practices the legislative parliamentary procedures. Each member writes a bill to change a current law. In April, all chapters of Youth and Government in Washington State take over the capital, acting as the members of the Senate and the House of Representatives, trying to pass their bills into law.

This club offers many leadership opportunities. Seniors who have previously participated, have the opportunity to run for Governor, Lt. Governor, and other

political positions to host the mock-legislative process.

However, before stepping up to the big leagues, members do a dry run during the month of February in Pullman, Washington. "It's not just how government operates. It's meeting and dealing with peers on an intellectual and social level." - Mr. Peasley.

Gary Peasley

Students at The State Capitol

CABINET & COMMISSIONERS

The cabinet is a very active, hard working, and well-know club at Wa-Hi. It is made up of ASB officers, class officers, and commissioners which represent a range of other clubs and activity groups at Wa-Hi. These students set the attitude of the school and have a responsibility to be leaders which represent the whole student body. To be in the cabinet you must be elected or you can become a commissioner by petition.

The cabinet's main duties are to discuss activities that go on in the school such as dances, Awareness Weeks, Adopt-A-Family, class activities, community service projects and much more, during monthly lunch time meetings in Mrs. Schroeder's office. One to three Commissioners are in charge of a certain area that they focus on. The meetings help for the added input to each of the commissioners from outsiders. To come up with new ideas, once a month, cabinet members are given a chance to participate in Inter-High. Inter-High brings together students from different schools to talk about multiple topics and share their ideas. Cabinet members enjoy going to these functions and get a lot out of them by meeting new friends and getting new ideas.

In October, seven members were given a chance to attend the Washington Association of Student Council Conference (WASC) in Everett, WA. Students from all over the state came together and listened to motivational speakers, met new friends, and went to seminars. They stayed with host families and had fun with the different activities that were planned. It's almost like a very large Interhigh.

Overall, the cabinet is a great place to get involved and have fun while serving the student body. If you are interested in being a part of the cabinet or getting more involved in school government, the cabinet is a great place to start. For more information talk to Mrs. Schroeder in the main office.

ORCHESTRA WINDS

Each Wednesday if you were to peak into the band room during the regularly scheduled band practice (5th Period) you would find a few of the members missing. This lack of students is due to the number that participate in Orchestra Winds. On Wednesday the members of Orchestra Winds leave to practice with Mrs. Mitchell the pieces that they will practice the following day with the Orchestra, and Mr. Mitchell, during 6th. By adding these wind instruments to the normally all string Orchestra makes it a Symphonic Orchestra. Instruments such as the Clarinet, Bassoon, Trumpet, French Horn, Oboe, Flute, Percussions, and occasionally the Tuba all participate in this group. Come out and listen to some of the concerts and you'll get a chance to hear Wa-Hi's own Orchestra Winds.

Front Row: (L to R) Brandy Wheeler, Sarah Dystra, Mathias Wiebrich Row Two: Ryan Scott, Rachelle Ramer, Carolyn Emigh, Michelle Paine, Haley Clayton-Wallace, Ella Peterson Row Three: Nathiel Towery, Lani Scheplar, Kerry Kukal, Suzanne Wootton, Stephanis Couch, Jamie Goodwin, Jana Goodwin Row Four: George Wickersham, Randy Kroum, Matt Churchill, Matt Wiessner, Breanne Austin

MARCHING BAND

The Marching band is a combination of students from the Symphonic band and the Concert band who wish to take advantage of the opportunity to participate in more musical performances. Unlike other musical groups at Wa-Hi, this group has no limit to the number of members and there are no auditions. It is a chance for all the kids who play instruments to play together. There are many different types of instruments in the band which makes them enjoyable to listen to. The band, which obviously marches during most of its performances, practices perfecting formations as well as their music. They are a great band to have around when you need to get audiences pumped up. You can catch this awesome band at any of the school football games, basketball games, assemblies, and local parades.

Row 1: Jenni Nakoneczny, Krisen Montgomery. Row 2: Suzane Wootton, Sandy Nunez, Michael Corvino, Jacob Kaufman-Osborn, Crystak Wood, Kate McKinley, Ivan O'Neill, Carolyn Emigh, Mat Weissner, Eric Jacks, Ryan Watson, Ceo Watson, George Wickersham, Ella Peterson. Row 6: Haley Clayton-Wallace, Andrew Paine, Peter Mattis, Greer Buchanan, Loyd Knudson, Douglas Raguso, Darrel Frost, Rena Parcells, Todd Kukal, Darin Peddicord, Jill Lazure, Matt Kurkjian, Sara Reilly, Shelly Cummins, Jana Goodwin, Becky Garner Row 7: Aaron Rudnick, Lee Melchoir, Shayla Hussey, Sadee Dyer, Ryan Scott, Heraclio Torres, Ray Trout, Nathaniel Towery, Ryan Gibbard, Michael Simmon, Tyler Goodwin, Toni Lueck, Amy Klink, Jennifer Hull, Zack Knotts, Kate Boetcher

CLARINET CHOIR

Each of this years fifteen members of Clarinet Choir had experience in the Symphonic Band and had to audition for Mr. Mitchell. This choir was started two years ago and they now meet on Tuesdays to practice in the auditorium with Mrs. Mitchell. There are four different types of clarinets played in the Clarinet Choir. There is one E flat and one Alto clarinet and two Bass clarinets. The rest are B flat clarinets.

Like most of the other music groups at Wa-Hi, the clarinet choir plays numerous concerts and special gatherings around the community and are available to play for anyone who wants to hear them. Being a part of the Clarinet Choir rises the level of musicianship between the clarinet players and also challenges them to become better musicians by listening so often to other clarinet players.

Front Row (L to R): Jana Goodwin, Sarah Bluhm, Shelley Cummins, Haley Clayton-Wallace, Row Two: Jami Wilson, Jamie Goodwin, Breanne Austin, Keely Klein, Row Three: Olivia Fernald, Ella Peterson, Brandy Wheeler

SYMPHONIC BAND

The Symphonic Band is a musical group made up of 96 talented Sophomores, Juniors and Seniors that play a wide variety of instruments. There is not a limit of members, but auditions are required. Depending on a musician's level of ability to play a musical instrument, there are different chairs and positions that can be attained through out the group. This band practices during fifth period. They perform at approximately 80 concerts, contests, and recitals throughout the year. This year the Symphonic Band has participated in several events ranging from local parades to the WSU band day and in May they took part in the Bremerton parade.

Many of the students in Synphonic Band also participate in other music groups such Jazz Combo and Marching Band after a successful year with Symphonic Band.

Front Row: (L to R) Mathias Weibirch, Jana Goodwin, Brandy Wheeler, Haley Clayton-Wallace, Melissa Jordan, Denise Mitchell, Kerry Kukal, Lani Scheplar
Row Two: Sarah Bluhm, Ella Peterson, Jami Wilson, Merliee Smith, Keely Kleyn, Shelley Cummins, Michelle Paine, Carolyn Emigh, Carrie Washburn, Rachel Klone, Jennifer Arbini, Mishel Bigley, Sarah Williams, Evelyn Nunez, Emily Smith
Row Three: Melanie Renick, Sandy Smith, Sara Reilly, Jacqueline Morgan, John Brennan, Jason McGimsey, Jason Hoppen, Sarah Dystra, Willy Biddescombe, Pat McConn, Jesse Corvino, Emily Jansen, LeAnn Fickle, Rachelle Ramer, Julie Broadhead, Kate Kurkjian, Richele Walters, Lindsey Fonshill, Laura Hein, Annie Knotts

Not Pictured: Molly Ryan, Anne Lohrmann, Heraclio Torres, Adam Kubrock, B.J. Bloom

FLUTE CHOIR

Four different types of flutes called the piccolo, alto, bass, and regular flute, make up the Flute Choir. There are currently sixteen members of this relatively new (four year old) choir. Each year members of symphonic band audition for Mr. Mitchell and, if chosen, spend their Mondays practicing with Mrs. Mitchell in the auditorium as a member of the Flute Choir. Members then perform in the community, lighting up the stage with their beautiful sounds. The constant sharing of ones musical talents with others in the same area of expertise really helps the individuals as well as the group to grow. Flute choir, like other instrumental choirs, is an excellent way for musician to grow with their talents.

JAZZ COMBO

This group of jazz loving musicians meets every other day during sixth period with Mr. Mitchell to hang out and play a little jazz. People who are interested in joining Jazz Combo

must play for Mr. Mitchell. Those who have played at least one instrument for many years are usually chosen for the group. Jazz Combo puts together instruments like guitar, bass guitar, saxophone, trombone, trumpet, and drums along with some others. due to a larger

interest in Jazz Combo this year there were two groups. Throughout the year they perform at Merchant's restaurant, the Farmer's Market, and a Jazz Festival in the Spring. Look for this group of talented musicians around the school and playing around town.

SAX ENSEMBLE

Thursdays you can find Wa-Hi's very own Sax Ensemble practicing in the auditorium with Mrs. Mitchell to perfect their saxophone playing abilities. This group of musicians consists of two soprano, two baritone, three alto, and three tenor saxophone players. All of these musicians come from Symphonic Band and had to audition for Mr. Mitchell in order to take part in this group.

The group performs regularly throughout the community, like most other music groups at Wa-Hi, and at special gatherings. They are always willing to come do a concert for any occasions. Come on out and support the Walla Walla High School music department and watch the Sax Ensemble.

ORCHESTRA

The Wa-Hi Orchestra is a group of dedicated stringed instrument mucicians. Once a week they also play with woodwind, brass, and percussion members from the band. There are no auditions to join orchestra, however, prior stringed experience is helpful. Students are ranked within the Orchestra based on their skill with a particular instrument. Orchestra is taught by Mr. Brown and is organized with the help of the student officers.

Each year they play many concerts which include the main district concerts, which occur quarterly, holiday concerts, and a music festival. Students may also try out for the All State Orchestra. This year Sara Hui, Cary Niemier, David Truscott, and Megan Guichard were outstanding students from Wa-Hi that were recognized by the state for their musical talents.

TRUMPET ENSEMBLE

Four talented Trumpet players of the Wa-Hi band hang around after school each Thursday with Mr. Mitchell to practice as the Trumpet Ensemble. These members audition at the beginning of the year, but like this year, everyone who audition made it. There are many types of trumpets, but Wa-Hi's ensemble only contains a B flat Trumpet. This April Wa-Hi held a ensemble contest in which the Trumpet Ensemble competed against other Brass Ensemble Groups. If you like the sounds of the Trumpet come listen to the Wa-Hi Trumpet Ensemble.

(L to R) Roger Borden, Stephanie Couch, Matt Churchill, Tito Pantaleon, Mr. Mitchell, Not Pictured: B.J. Bloom

CONCERT BAND

Being as the Band is fairly large, Wa-Hi offers a introductory band to freshman in order to divide the large numbers of musicians into two classes. This introductory class is called Concert Band. These members are all freshman and have most likely participated in band at the middle school level. When the members become Sophomores if they choose to continue then they play with the Sophomores Juniors and Seniors. Come on out and listen to the Concert Band sometime.

Front Row: (L to R) Jennifer Hansens, Karla Nokes, Andrew Paine, Peter Mattis, Carrie Dickinson, Robyn Humphreys, Natalie Sharp, Meghan Gottschall Row Two: Amy weber, Candace Denton, Jessica Proctor, Annie Andring, Kristen Duede, Bobbie Sue Tegland, Kati Remell, Taneesa Dunham, Erin Eagon, Kacie Ryan, Ashley Willis, Stephanie Bridges Row Three: Emily Walker, Tiffany Buissink, Michael Fernald, Jason Harwood, Andrew Huntington, Tyler Admins, Troy Russell, Robert Curtis, Clay Schmidt, Kate Boettcher, Kim Jordan, Pete Crawford, Anna Simon, Sadie Dyer, Amber Paul, Melissa Christy Row Four: Michael May, Ben Schoen, Erin Herr, Zachery Knotts, Andrew Dykstra, Brad Hansen, Ashley Hatch, Becky Garner, Matt Kurkjian, Sandy Nunez, Todd Kukal, Aaron Rudnik, Britney Locati, Karissa Rivera, Andrea Richardson, Jennifer Karl Fourth Row: Crystal Wood, Rebecca Czyhold, Jake Pieper, Chris Jonlick Not Pictured: John Bloom and Josh Friedman

CHAMBER SINGERS

Chamber Singers combines the most elite male and female singers from Wa-Hi to perform around the Walla Walla community. They are considered to be the best musical group at WA-HI. Auditions are held for the group, and girls who try out have to successfully complete two years of choir. The total number of students stays below twenty and an even number of males and females is needed to balance out the voices.

The group performs at luncheons, churches, schools, and they also make an annual trip to Portland, Oregon to perform at the festival of lights (called the Grado) in a monastery. Chamber Singers put a lot of time into perfecting their voices and performing. If you are interested in catching one of these performances talk to Mr. Dennis or any of the Chamber singer members

1st Row: (L to R) Brandi Luick, Tania Gainza, Jenny Gonzalez, Kelly Rasley, Brandi Wheeler, Shauna Treis. 2nd Row: Sara Stanton, Katie Streifling, Jennifer Sharp, Michelle Martin, Ciana Fielding. 3rd Row: Paul Henline, Suzanne Wooton, Amy Treis, Shannon Lerach, Nikki Robins, Tyson Kaup. 4th Row: Derek Young, Scott Eagon, Nathaniel Towery, Mathias Weibrich, Randy Kroum

Not pictured: Linsey Bowman

TREBLE ENSEMBLE

The group Treble Ensemble is an all girls choir made up of freshman and sophomores. Auditions are held to find members that can blend their voices with others and create a harmonious sound. There is no set number of members chosen but the group usually has about 20 singers.

Treble Ensemble has many regularly scheduled performances throughout the year. In addition, they also receive invitations to sing for different organizations such as the Rotary Club, and The Elks Club.

During the Christmas season they perform in numerous concerts for the community of Walla Walla. If you would like to see a performance ask Mr. Dennis for a schedule. act plays for the community. In preparation for the festival and mostly just for fun,

MIXED CHOIR

Mixed Choir is a group of sixty-eight males and females who sing a variety of songs. An audition is required to be able to join, but there is no limit of people allowed in the class. However, the teacher, Mr. Dennis, tries for an even number of males and females to help balance out the range of voices.

There are five different ranges of voices to audition for, and they are different for males and females. Females can audition for 1st and 2nd soprano and the males can audition for 1st and 2nd alto and Base Tenor which are really low and deep voices.

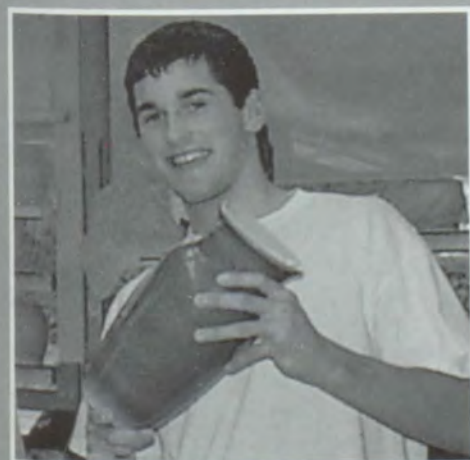

The group takes special trips to churches, elementary schools, and public facilities in Walla Walla. The students most enjoy the annual trip to Portland Oregon To sing at the Festival of Lights called the Grado which is held at a church. If you are interested in seeing the Mixed Choir perform you can ask Mr.Dennis for a schedule.

Pottery!!

Ahhhh, pottery! What a delightful addiction. The title of the class is Pottery/Sculpture. The emphasis in the class is to become proficient on the pottery wheel. Once you nail down the basics, for most students, it is a very challenging and rewarding experience. There are four basic steps to forming pottery on the wheel. That is to center, open, pull, and shape. To watch someone work on the wheel appears to be delightfully easy. The moist clay starts out as a lifeless lump on the wheel and with the skilled hands of the potter, it is formed into an esthetically beautiful piece of pottery. Once the piece has been formed, trimmed and bisque fired in the kiln, the pot is then glazed. It goes through a second kiln fire, at a higher temperature, and the glaze is transformed into a hard glass surface.

There are some students who prefer to manipulate the clay by hand building and have produced some beautiful and creative ceramic sculptures. If you can work it into your schedule, you should definitely take the class.

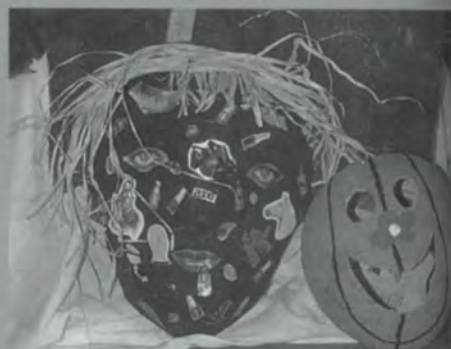

Art!!

The Art 1-2, 3-4 programs are designed sequentially to provide student with a solid base and continuing exploration in multiple art mediums. Mr. Pecks 1-2 class works with a vocabulary core that centers on the principals and elements of design. Value, color form, slope, line space, texture, contrast, rhythm, unity, emphasis, pattern, movement and balance are defined and applied in assignment. Some of the highlight projects for this year were: "The Self-Container," paper-making, collagraph printing, and embossing.

The focus of the Art 1-2 classes to expose students to a variety of mediums as well as prepare them for the Art 3-4 class if they choose to further their art education.

Art 3-4, a much more individually based class, gives students the opportunity to focus on and explore the possibilities of fewer mediums. Mr. Steindorf, however, does focus on specific units too, such as ink and pen, water color and oil painting. This allows students to truly understand a variety of mediums.

To see students work on display are: Evening of the Arts, Superintendent Art Show, Reflections contest, The County Fair, the school year calender, and the main office of the high school. Stop by when the chance presents itself and canvas the works to find an artist in the making.

Once Upon a Mattress

A princess, A pea and a very determined queen can summarize the plot of this years fall musical, *Once Upon a Mattress*. Based on the children's story *The Princess and the Pea*, this years was about the queens quest to find a true Princess for her son the prince. Through a series of test, including feeling a pea that is underneath twenty mattresses, is how the queen decides she will find the true Princess. The musical proved to be extremely successful both artistically and financially. The sets, lights and costumes were marvelous and the acting was first rate. Over thirty-five actors, singers and dancers prepared by practicing for over two and a half months and then marvelously entertained audiences in six performances during a two week period.

Over 1500 people attended this charming musical. Expectations are high for next years musical production, so if you missed this show be sure to catch next years production.

Five Year Members

Jennifer Jackson

Memorable: My first year at nationals we placed 2nd. Also that year, I wore my stars and stripes swimsuit and a guy on the beach saluted me and sang the Star Spangled Banner.

Embarrassing: A sting ray chased me out of the ocean and onto the beach.

C/CPT Dixon

JROTC has two drill teams. Drill teams perform precision military marching movements for competitions and exhibition shows. Sponsors is an elite all female team that marches without weapons. The com-

mmander is a senior chosen by the instructors, and this year the commander is C/CPT April Dixon. They compete in the JROTC Northwest Drill and Rifle Conference where they compete in an inspection, regulation drill and exhibition drill. This year's team is ranked first in the region and are among the top four in the nation. The team has competed in the national competition for the past six years and has ranked as high as second in the nation. Anyone who is in JROTC is encouraged to join a drill team.

• A-TEAM DRILL TEAM •

A-Team is a specialized all male drill team that marches with weapons. They spend many rigorous hours practicing precision movements including spinning, flipping and throwing their weapons. Some spins put the weapons well over three feet above the thrower and

C/CPT Strampher

tosses to other members are made at distances as much as six feet. A-Team also competes in the JROTC Northwest Drill and Rifle Conference and placed second at the first drill meet of this year. The commander for A-

Team is a senior chosen by the instructors. This year's commander is C/CPT James Strampher. The team regularly offers its service around the community doing exhibition drills for events such as Memorial Day and Veterans Day.

• RIFLE TEAM •

Four Year Members

C/CPT Miller

Rifle team is a co-ed shooting team that competes in the JROTC Northwest Drill and Rifle Conference and state civilian competitions. The team commander is a senior chosen by the instructors, and

this year's commander is C/CPT Louis Miller. Rifle Team is extensively trained in the safety and marksmanship techniques of .177 caliber air rifles. Team members alternate their practices with shooting and running. Running provides shooters with the physical fitness needed to stabilize their shots. Fifteen members compete against each other prior to each drill meet to decide the five members that will go to the drill meet.

Louis Miller

Memorable: At a state competition, the MC forgot to say our individual awards so we thought we didn't place. We actually ended up getting 1st place.

Embarrassing: I didn't realize that I had forgotten my ammo until we got to a meet. I ended up stealing some from one of my teammates.

• COLORGUARDS •

#1

#2

Four Year Members

TracyLynn Robinson

Memorable: My first time performing as the commander I was so loud with my commands that everyone in the gym stopped to stare.

Embarrassing: My senior year at the Military Ball I tripped getting out of the limo and fell flat on my face.

Colorguards are auxiliary teams to the drill teams. Colorguard #1 is an all male team where members come from the A-Team Drill Team. It is commanded by C/SFC Knight. Colorguard #2 is an all female team where the members come from the Sponsors Drill Team. It is commanded by C/MAJ Robinson. Both teams compete in the JROTC Northwest Drill and Rifle Conference against eighteen other teams.

JROTC Activities

Battalion Picnic

At the beginning of the school year, the annual battalion picnic is held. Food, games and fun are on the agenda for old and new cadets and their parents to have a chance to interact in an non-formal setting.

Parades

At the beginning of the year, the special teams march in parades throughout the area. Such parades include the Walla Walla Frontier Days Parade and an overnight trip to the Yakima Sunfair Parade.

Drill Meets

Each month of the school year, beginning in December, there are Northwest Drill and Rifle Competitions held across Washington, Oregon and Montana. All of the special teams compete for the conference title.

Coaches

Jesse Briones
Varsity Head
Coach

This year we had 52 runners, a lot of them were unexperienced, but they worked hard. It was great to have such young runners on the varsity team. The young runners learned to handle hard workouts, and everybody's times improved by the end of the season. There was a lot of team motivation this year. It was a great season.

Jim Ebding

Three Year Varsity Runners

Apryl DeBroeck

My most memorable moment was placing 9th at the AAA Cross Country Championships my junior year. I will also never forget all the fun we had hanging out and on the big road trips. It was a blast!!

Stacey Martin

Most Memorable... My first varsity trip to Edmonds my freshman year.

Cheerleaders

Coach

Cathy Rasley
Head Coach

It went well. The girls not only cheered at all football games, they had to learn 75 different move-

ments for 75 chants, as well as multiple cheers and dances. They did Pep Assemblies for WA-HI and Berney, put on a little cheer clinic for 140 kids, did a parade, did a routine for the fair, made treats for for the athletes, and painted posters every week. They do a lot! And all of that is just for the fall sports season. The girls had to learn about not being appreciated and get up and do their job anyway. They finally have gotten over that. Cheerleading can be very draining, but I am so proud of how the girls have stuck together.

Row 1: Rachel Silva, Andrea Hymas, Jennifer Ellison **Row 2:** Wendi Long, Tara Chandler, Nicole Scott **Row 3:** Marcie Hoffman, Cortney Fuller, Meghan Gaffrey **Row 4:** Kristen Stocking, Kelly Bohnsack, Michelle Gwinn.

Two Year Cheerleaders

We were coming home from a game and we stopped at a gas station to ask directions to Dairy Queen. All of a sudden Marcie and Nicole started tickling me. I stated screaming and laughing. My legs were hitting the windows because I was squirming so much because I am so ticklish. The gas station attendant was at the window and saw the whole thing. I felt so stupid.

Kelly Bohnsack

Last year at a basketball game half time during wheel-of-fortune Nicole Scott and I tried doing a shoulder stand. We had always done them before but this time I lost my balance plus was unable to stand straight up. We stood facing the students with me squatting over her head unable to fully stand up. The whole crowd laughed at us.

Marcy Hoffman

My most memorable moment was when we went to Port Townsend and we had a psycho driver! She almost ran into a guard rail, but that wasn't until after she had almost rear-ended who knows how many people. I was really embarrassed at a game one time when Marcie and I decided to do a single based shoulder stand. We got shakey and Marcie ended up squatting on my head!

Nicole Scott

Michelle Gwinn

Cheering in the snow at Mead last year and dancing in the hall at camp were my most memorable moments. My most embarrassing was when we start a defense cheer and the crowd has to inform us that we're on offense.

Wendy Long

I will never forget the Rhododendron Parade. Everyone thought the cheerleaders had a stalker! My most embarrassing moment was once at a basketball game last year when the players were being announced and I was at the end of the tunnel. Kyle Bankhead ran through and I hit him with my pom. It flew out of my hands and out onto the middle of the floor.

Kristen Stocking

My most memorable moment was when we were at the Port Townsend Parade, we sat around a No Parking sign for about two hours just talking. Also I remember getting "kidnapped" our Sophomore year

Coaches

Mark Younts
Varsity Coach

1997 was a tough season for the Blue Devils in terms of wins and losses. We have a tradition of setting high expectations for our program and when we fall short, it seems like failure. However, this year was a success in terms of the quality of

work, leadership, and character. Our seniors produced in the face of adversity. The seniors are champions not because of the score board, but because of what they left on the field. They will not be forgotten.

Harvey Wellington
JV Head Coach

It was a very interesting season. We had a lot of fun in practice. Our team grew by leaps and bounds.

We learned to focus and develop mental tough-

ness. We got better when we went to the G.A.T.A. defense! We never quit trying.

Dean Hanson
Freshman Head Coach

This year's freshman team grew in terms of not only their football skills but in terms of team unity. Each player contributed in every game and although many players were standouts at the beginning of the season, all

players have proved their ability to play JV football successfully next year.

They learned that game preparation is just as much mental as it is physical. Each player knows every play as well as any coach, and our program is not always easy to learn.

These young men can handle any physical challenge you give them. They know how to except criticism and grow from their mistakes. These guys have really matured since we were introduced in June and August last summer.

Kevin Scribner
Head Coach

Our season was much more successful than our record indicates. For 5 of our 7 Conference losses were one goal losses, including those against the top 3 teams. Our success was due to the ability for the players to play as a team. As we got game-fit and more familiar with the team formation concept we were able to put most opponents under effective defensive pressure. Towards the season's end, we were able to win balls and transition out of pressure, mounting some offensive danger. We ended the year with a feeling of accomplishment and optimism for next year.

Immediately after upsetting Eisenhower and Pasco to capture the 1997 District 5/6 Volleyball Championship, Head Coach Digger Graybill expressed much about the 1997 Blue Devil Varsity Volleyball team when he said,

"Going into Eisenhower's gym as the number four seed and upsetting them and then beating Pasco to win the District Championship ranks as one of my proudest days as a coach. I told the team on the bus in our parking lot when we got home that it is one thing to play like a champion,

but they took it to the ultimate; they became champions. There were three ingredients to this year's success, lacking any of which we would not have been successful. First, we had what all great teams need and must have; we had outstanding and inspired play from our seniors. Second, we had equally stellar performances from our juniors. Lastly,

Three Year Varsity Players

Kisa Johnson

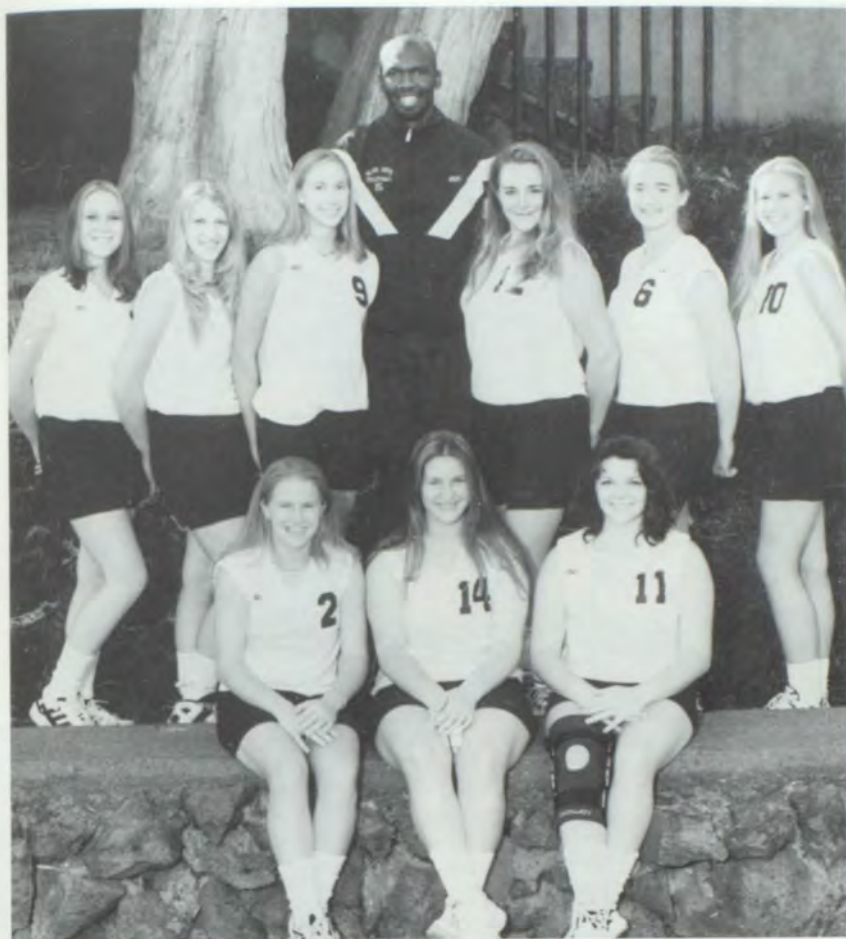

When I was a sophomore I learned that Volleyball is a team sport and the other girls really had to make me fit in. The sport has taught me to how to work with others. I will never forget winning districts.

and just as important, we had superior support from our bench. The energy in our huddles was electric!"

The 1997 Blue Devil Varsity Volleyball won the District Championship and was one game away from advancing out of the regional tournament to the State Volleyball Championship Tournament. Nevertheless, the Blue Devil reached each of their seasonal goals: to have FUN, to earn RESPECT, and show EXCELLENCE on the volleyball court.

I enjoyed working with the group of sophomore girls who played volleyball this year and appreciated their hard work and effort. All the girls improved one hundred percent over the season and the team came out on top. We went to the Sophomore Tournament and ended up taking home a trophie for the Sophomore

District Champions. I look forward to seeing all the girls come out and participate next year and wish them luck. I also want to congratulate them on a wonderful season.

The event I will remember most about this season was when we handed Wenatchee their first loss of the season during our last game. We had a record of 7-10 as a whole for league games and the level of play progressed towards the end of the season.

I will also never forget when we played 6 matches in 6 hours at the Pendleton Tournament.

T Trainers

Row One: Sara Beaudry, Tonya Cooley Row Two: Alicia Harris, Dolly Weir, Geri Ioiacono-Cook

Coach

Dolly Weir

Head Trainer

Over all the season went very well. We grew emotionally and phsysically. The season tired us out but we gained more confidence towards the end of the season. I enjoyed the entire season, caring for the injured athlete was the greatest.

Three Year Trainers

Tonya Cooley

My most memorable moment was on our way up to Mt. View. Yonts made all the guys who didn't clean up the locker room do skits for the whole team on our lunch break. Fonger did an impersonation of Coach "T" at practice. My most embarrassing would have to be once when the whole team was in the Felix Fletcher room getting their usual long winded pep talk from coach Yonts. The trainers assumed they would be up their for a while so when "You've Lost That Loving Feeling" came on over the radio I didn't hesitate to totally belt it and break into dance. To my surprise I turned around to find have the team staring at me.

Three Year Varsity Player

It was a great season. That opinion is based mainly on the fact that the team improved so much over the course of the season. The players remained loyal, enthusiastic, and very coachable. Those characteristics provided for a great finish to the season.

One of the attributes you hope your team learns is mental toughness. This team learned that

and it showed. Although we were a pretty young team we learned how to win. Sometimes it doesn't just take talent but also maturity, poise, and patience to win games.

Jared Jones

This year I learned a lot of things like teamwork and responsibility. I also learned how to dunk on Andy Thompson.

Left to Right: Coach Earl Streufert, Joe Wilkins, Bryan Erlebach, Jeremy Harper, Shawn Reese, A.J. Gomsrud, Shane McCauley, Darin Frei, Jeff Bennett, Josh Cottrill, Seth Aune, Coach Joe Golden.

John Golden
Assistant Coach

Coaches

Our team was very disciplined and we had a well executed set of offenses. Overall the players matured both physically and emotionally. Joe Wilkins emerged as our leader on the floor both defensively and offensively. My most memorable moment this year was watching Jeremy Harper get introduced for the first time with the Varsity players.

Earl Streufert
Head JV Coach

We had a very successful season both in terms of our win loss record and overall improvement. This group worked particularly hard on defense and took great pride in their accomplishments.

Coaches

Jim Smith
Varsity Coach

It is always competitive in the Big 9 Conference when you have seniors on the team, but when you do not have any seniors it becomes an even more

difficult task. The lack of senior experience and senior leadership were contributing factors in our win-loss record, but it allowed our team an opportunity to grow and prepare for the next season.

There is no substitute for experience. Our players learned what it takes to compete in this league. We have a much better understanding of the physical demands of playing in one of the toughest conference in the state of Washington. It is

always more fun to win, but learning how to deal with adversity and disappointment may be a more valuable lesson. Life isn't always fun. The real world can knock you down. The important thing is that you continue to get up and answer the call once again.

The team has improved tremendously. We were young and inexperienced to start the season but we finished as a very competitive Junior Varsity team. As the season progressed we gained a lot of basketball knowledge and understanding. We were a tough, hardworking defensive team. We out-rebounded all of our opponents. The girls now understand the meaning of team and they worked well together.

My most memorable moment was our first Big Nine win against the Kennewick Lions.

Record wise, we finished well in the Big Nine. I believe the girls successfully met their personal goals. As a first year coach, I couldn't have expected better. The girls learned poise and focus to win in the big games. This will be valuable for the future of Wa-Hi Basketball. These girls were great athletes to begin with and you will see many of them in the future.

My most memorable moment was cutting a 22 point deficit to two points, which gave us a chance to win the game. What a fight!!

Freshman A

Row 1: Candice Hendrickson, Lyndsey Johnson, Kimberly Cerna, Julie Maib, Audra Billingsley, Tiffany Buissink, Allison Billingsley, Row 2: Coach Dave Govick, Jodi Sporleder, Kim Kelleher, Megan Warnick, Robyn Humpherys, Megan Cook, Jami Cole, Cleo Peterson, Gina Eggers

Coach

Dave Giovik
Frosh "A" Coach

The Freshman Girls A team had another successful season. This team came together in Nov. but began to reach its potential in Jan. They

overcame many obstacles along the way. Lacking in physical size, the ladies intensity and relent-

lessness helped them run over the competition. The ladies matured a great deal from the time practice began in November until the end of the season in February. Although the ladies did not get physically stronger during the season, they gained a toughness that is associated with basketball. The mental toughness of this team was evident. They were able to keep their cool during the year while their opponents melted under the pressure of tight games.

Coach

Bill Plucker
Frosh "B" Coach

This season can be summed up in one way. We worked hard, played hard, and in the end we could judge ourselves with satisfaction. The more we dedicated to the team the more we received as individuals.

My most memorable moment was Rita Silva's slam dunk in the final seconds to upset the number one team in the state.

Freshman B

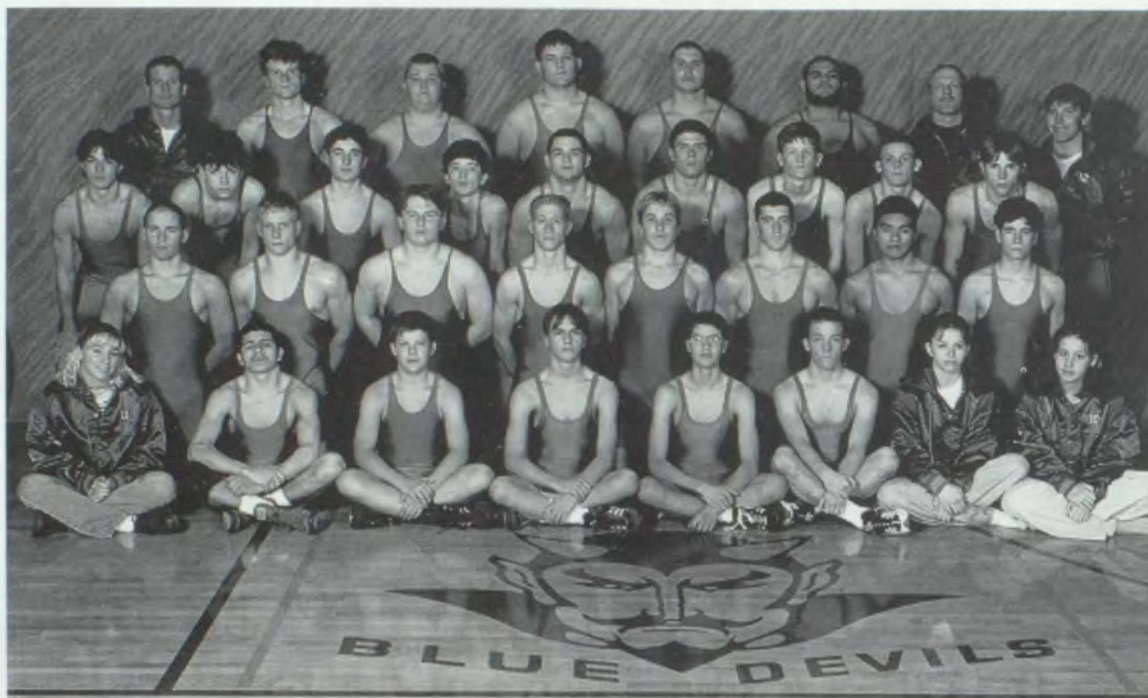

Left To Right: Amber Randall, Virginia Cowden, Tiffany Bruce, Rachael Watts, Nacole Lippincott, Tiffany Hardinger, Lynda deccio, Bobbiesue Tegland, Brenna McCoy, Hannah Purefoy, Rita Silva.

Three Year Varsity Wrestlers

Fabrizzio Avila

Tim Gies

The first time I met Chuck, the coach, He was a real hard nose and he would teach us the "Rat Shaker". He called him the "Rat Shake Machiene"

Chris Eagon

Doug Gisi

I always loved getting up at 6 a.m.

My most memorable moment was being the '98 Dirstric champion at 168 lbs. My most embarrassing moment would be when I was in Spokane at the G.S.L. Invite awaiting the arrival of the rest of my team. I recieved a phone call saying that they weren't going to show up because they slid into a ditch. I had to compete as a one man team.

Coaches

Dean Hanson
Varsity Head Coach

This year started well with many wrestlers who went to a summer wrestling camp in the off season. We were hindered by injuries and infections and lost many of our varsity wrestlers for short and long durations. We had to forfeit weight classes as we competed other big nine schools, which made it difficult to capture a win in the dual matches.

Our wrestlers went from making critical mental errors in the beginning of the season to becoming more sound wrestlers. They put in the time during the season to be in good physical condition. We practice twice a day and the kids who stick with it are as good of physical shape as any in the school.

The younger wrestlers had to step in at varsity slots while some of our varsity starters were unable to go. That put a real strain on many of them but they all courageously met the challenge. Competing in a varsity competition as a freshman is asking a lot no matter who you are.

My most memorable moment is every morning at 6:15 starting the team for their morning conditioning. I really respect those athletes who are dedicated to what they are doing and encourage others by the way they train. It is easy to show up early and go hard once, but these guys do it every day all season.

Chuch Ahsmuhs
Assitant Coach

Don Butenhoff
JV Head Coach

pare ourselves for a match. Our physical shape got better over the season and the wrestlers learned what it means to never give up.

My most memorable mement was watching a wrestler get pinned in his first six matches and then turning a match around and pinning his opponent.

We had a very diverse group of wrestlers including freshman with some experience, seniors with a vast amount of experience, and seniors with no experience. They worked very hard and gained a lot of "on the mat" experience. We expect our younger wrestlers to be in control of the matches next year.

We learned not to quit when it gets tough. We also learned to pre-

I expect our kids to be very competitive this year. We have a good blend of veteran juniors and determined sophomores. It is always tough to tell how well kids will gel and perform as a unit, but I am optimistic about our chances. I expect that a disciplined approach to the game, preparation, and our commitment to being first class will become second nature by the end of the season. Our commitment to hard work will help us develop mentally and emotionally.

We hope to continue where we left off last season with our team dynamics development and physical progression. We had 5 league matches that we lost by one goal; the sting of those close ones still hurts.

With teams all over the league graduating some strong players and then moving up large groups of players in the same class, the Big Nine could belong to anyone.

In Memory Of...

Antonia Isabel Vasquez

She was born at the onset of summer and smiled at about ten days old, just in time for Mothers Day. She loved a wide variety of activities and sensations such as music and art. At the age of 4 she begged to play violin. She always loved concerts and would constantly attend them when she was small. Antonia loved animals from horses and rabbits to cats and dogs. She even loved snakes and spiders. Antonia participated in church and clubs. She enjoyed attending church with no specific regard to a religion. The clubs she joined always aided her pursuit of doing good deeds and serving her community, family and friends.

Antonia looked at the inside of people, she liked them for who they were, not what they looked like. She always tried to find good in everyone, Antonia was a great gift to her friends and family and will forever be remembered by those who loved her.

REMEMBERING...

It will be the little things
that you remeber...

the Quiet moments,
the smiles, the laughter.

And although it may seem hard right now,
it will be the memories of these little things
that help to push away the pain,
and bring the smiles back again.

Corey McKillip

Corey McKillip was born July 7, 1980 in Anacortes, WA. He moved to Walla Walla when he was several days old. Corey lived with his grandparents, Jerry and Vivian McKillip, his father Craig, and his sister Tina. Corey passed away on January 9, 1998. Corey liked baseball, fire engines, airplanes, trains, and balloons and sunglasses. He especially enjoyed the WW Balloon Stampede with his "Papa" (Grandpa).

Corey was a student at WWHS in the Life Skills classroom at the time of his death. He touched the hearts of many teachers and friends through the years.

COVER ARTIST

ADAM

BOGGS

Adam Boggs is the man to thank for the cover of this year's annual. You can also see some of his work in other areas of the annual. His talent of drawing goes back to the third grade when he first started to draw. Beginning with the basics, he has expanded his drawing technique to cartoon based characters. Adam has done numerous drawings each one is unique and has its own style. Many of his drawings are just ideas he thinks up. Sometimes you wonder where he got them, but that is just Adam's humorous style. Right now he has just been doing free drawing and drawing pictures for people who ever wants them. After he graduates he hopes to be accepted to one of the Art Institutes for Animation that he has applied to. He wants to become a cartoon animator.

RETIRING TEACHERS

LARRY BROWN

Mr. Brown started his academic career as a boy in 1951, hailing from Newburg, Missouri. He moved to Washington in 1960 enrolling as a Sophomore at Walla Walla High

School. After graduating in 1963, he attended Eastern Washington State College until 1967. that next Fall Mr. Brown started teaching math at Pioneer Junior High and continued to do so for the next 23 years. For the last eight years he has been teaching math here at the High School.

When asked what he would miss, Mr. Brown replied "I have enjoyed the last 31 years. I want to thank the staff for putting up with me and I want to thank the students for all of those times when their eyes lit up and they smiled because they realized that their hard work had paid off. I will miss both the staff and students; I won't miss grading papers.

GREG FRY

Mr. Fry graduated from Chaffee High School in Ontario, California in 1961, joined the Navy from 1965-1968, ended his naval career and continued his education at California State University in 1969.

He then taught 5th Grade (1 year) and 2nd Grade (2 years) from 1969 to 1972 in Ontario, CA, moved to Goldendale, WA in 1972

where he taught 6th Grade for 4 years (1972-1976). Mr. Fry's travels then brought him to Central Washington University in 1976 where he received Masters degree in Special Education. Mr. fry's final move was to Walla Walla in 1977 to teach 3rd-5th grade special education at Washington School for 2 years. In 1979 he transferred to Wa-Hi Special Education. Since then he has taught Resource room, Basic Math, Human Behavior, Northwest History, Government, Basic Science and Algebra as well as coached Sophomore Football and Varsity Track.

Mr. Fry's memories include getting to know many great students and seeing them become successful as students and as members of the community; it is the most rewarding part of teaching at Wa-Hi. "I will miss the association with many of the faculty but am looking forward to being part of a super program at the Jubilee Christian Academy next year." -Greg Fry

ED SAARI

Mr. Saari did not provide the Royal Blue Staff with his background information. However, we do want to highlight his many years of quality teaching and support of Walla Walla High School.

You've come a long way seniors

JEREMY AND JOSHUA

Congratulations

Thank you both for all the double
trouble and the double love you have given us.

I remember those vibrant rambunctious
twin baby boys who are now fine young men.

Thank You for the fond memories.

Both of you have always made us so proud,
and even more so now!

As you go out into the world,
we wish you all the love, courage, and wisdom
you'll need to face life's challenges.

Whatever the mind can conceive
and believe it shall achieve.

.....SUCCESS IS NEVER FINAL AND FAILURE
NEVER FATAL. IT IS COURAGE THAT COUNTS."

-GEORGE TELTON
